Subject Index

VOLUME 141, 2010

A

ACETAMINOPHEN
Acetaminophen overdose and liver damage. (For the Dental Patient) American Dental Association Division of Science. 1158
Good evidence supports acetaminophen as an effective and safe reliever of acute postoperative pain. (Critical Summaries) Zahrowski, J.J. 455

AFTER-HOURS CARE
Treating another's patients. (Letter) Finkel, S.J. 135; (Response) Wentworth, R.B. 136

AGE DETERMINATION
Radiocarbon analysis of tooth enamel provides estimated year of birth, study finds. (News) Snider, J. 1058

AIDS
Thirty years on, and still there is much to accomplish. (Guest Editorial) Croser, D. 1292

AIR ABRASION
The effect of air-polishing abrasives on wear of direct restoration materials and sealants. Pelka, M.A. et al. 63
The effect of Er,Cr:YAG laser and air abrasion on shear bond strength of a fissure sealant to enamel. Moslemi, M. et al. 157; (Correction) 506
Lasers and air abrasion. (Letter) Hoopingarner, C.R. et al. 831; (Response) Moslemi, M. 831

AIR MICROBIOLOGY
The effectiveness of a preprocedural mouthrinse containing cetylpyridinium chloride in reducing bacteria in the dental office. Feres, M. et al. 415

ALCOHOLISM
Erosive lesions in patients with alcoholism. Dukic, W. et al. 1452
Is sweetness preference based in biology? (News) Lund, A.E. 387

ALGINATES
Accuracy and dimensional stability of extended-pour and conventional alginate impression materials. Imbery, T.A. et al. 32

ALPHA-2-MACROGLOBULIN
The essentiality of alpha-2-macroglobulin in human salivary innate immunity against new H1N1 swine origin influenza A virus. (JournalScan) Barnett, M.L. 901

ALUMINA
A clinical comparison of zirconia, metal and alumina fixed-prosthesis frameworks veneered with layered or pressed ceramic: a three-year report. Christensen, R.P. et al. 1317

ALVEOLAR NERVE
Anterior middle superior
A comparison of the anterior middle superior alveolar nerve block and infraorbital nerve block for anesthesia of maxillary anterior teeth. Corbett, I.P. et al. 1442
Inferior
Cortical integrity of the inferior alveolar canal as a predictor of paresthesia after third-molar extraction. Park, W. et al. 271
Risk of paresthesia. (Letter) Shapira, I.L. 828; (Response) Lee, S-H. 829

ALVEOLAR PROCESS
Implant stability. (Letter) Flanagan, D. 134; (Response) Cavallaro, J. Jr. et al. 135

AMELOBLASTOMA
Clinicopathological study and treatment of 121 cases of ameloblastomas. (JournalScan) Barnett, M.L. 569

AMERICAN ACADEMY OF ORAL MEDICINE
The dental treatment of patients with joint replacements: a position paper from the American Academy of Oral Medicine. Little, J.W. et al. 667
More about patients with joint replacement. (Letter) Geist, R.Y. 1296; (Response) Lockhart, P.B. 1297; (Response) American Dental Association Division of Science and American Academy of Orthopaedic Surgeons. 1298
Patients with joint replacements. (Letter) Friedlander, A.H. 1295; (Response) Lockhart, P.B. 1296

AMERICAN ASSOCIATION FOR DENTAL RESEARCH
"Archaic" guidelines. (Letter) Gross, T. 1408; (Response) Greene, C.S. 1416
"Conservative and reversible." (Letter) Crandall, J.A. et al. 1415; (Response) Greene, C.S. 1416
"Disordered alignment." (Letter), Buck, S.D. 1412; (Response) Greene, C.S. 1416
"Gratitude" expressed. (Letter) Jehenson, M. 1415; (Response) Greene, C.S. 1416
Managing the care of patients with temporomandibular disorders: a new guideline for care. Greene, C.S. 1086
"Misguided perspective." (Letter) Chase, P.F. 1408; (Response) Greene, C.S. 1416
"Negative impact." (Letter) Norman, A. 1410; (Response) Greene, C.S. 1416
"Personal opinions." (Letter) Chase, M.R. 1411; (Response) Greene, C.S. 1416
Revised AADR policy statement, brief report trigger unprecedented response. (Editor's note) 1407
Temporomandibular disorders. American Association for Dental Research. 1087
"Unsubstantiated conjecture." (Letter) Lytle, K. 1413; (Response) Greene, C.S. 1416

AMERICAN ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS
AAOMS challenges AMA data series comments on OMS, dentistry. (Guest Editorial) Cheifetz, I.D. 617

AMERICAN DENTAL ASSOCIATION
AAOMS challenges AMA data series comments on OMS, dentistry. (Guest Editorial) Cheifetz, I.D. 617
ADA to unveil new, improved Web site. (News) Berry, J. 262
American Dental Association standards of advertising. 1449
Dr. Jane Weintraub receives Norton M. Ross Award for Excellence in Clinical Research. (News) Garvin, J. 1056
Should a local peer-review committee take a case that involves a nonmember of the American Dental Association? (Ethical Moment) Palcanis, K.G. et al. 209
Annual Meeting
ADA Business program: 2010 house of delegates. 1128
American Dental Association annual session October 9-12, 2010: the future of dentistry meets here. 721
2010 ADA Annual session concurrent meetings. 1137

AMERICAN MEDICAL ASSOCIATION
AAOMS challenges AMA data series comments on OMS, dentistry. (Guest Editorial) Cheifetz, I.D. 617

ANALGESICS, NONNARCOTIC
Good evidence supports acetaminophen as an effective and safe reliever of acute postoperative pain. (Critical Summaries) Zahrowski, J.J. 455

ANALGESICS, OPIOID
Good evidence supports acetaminophen as an effective and safe reliever of acute postoperative pain. (Critical Summaries) Zahrowski, J.J. 455

ANESTHESIA, DENTAL
A comparison of the local anesthetic efficacy of the extraoral versus the intraoral infraorbital nerve block. Karkut, B. et al. 185
Occurrence of paresthesia after dental

local anesthetic administration in the United States. Garisto, G.A. et al. 836
ANESTHETICS
Chronic kidney disease: pharmacological considerations for the dentist. Brockmann, W. et al. 1330
ANESTHETICS, LOCAL
A comparison of the anterior middle superior alveolar nerve block and infraorbital nerve block for anesthesia of maxillary anterior teeth. Corbett, I.P. et al. 1442
A comparison of the local anesthetic efficacy of the extraoral versus the intraoral infraorbital nerve block. Karkut, B. et al. 185
More about oral paresthesia. (Letter) Dower, S.J. Jr. 1301; (Response) Haas, D.A. 1302
Occurrence of paresthesia after dental local anesthetic administration in the United States. Garisto, G.A. et al. 836
Oral paresthesia. (Letter) Moore, P.A. et al. 1300; (Response) Haas, D.A. 1302
ANTIBACTERIAL AGENTS
Some evidence shows that certain mouthrinses can reduce halitosis. (Critical Summaries) Kumar, S.K.S. et al. 1008
ANTIBIOTIC PROPHYLAXIS
The dental treatment of patients with joint replacements: a position paper from the American Academy of Oral Medicine. Little, J.W. et al. 667
More about patients with joint replacement. (Letter) Geist, R.Y. 1296; (Response) Lockhart, P.B. 1297; (Response) American Dental Association Division of Science and American Academy of Orthopaedic Surgeons. 1298
Patients with joint replacements. (Letter) Friedlander, A.H. 1295; (Response) Lockhart, P.B. 1296
ANTIBIOTICS
Chronic kidney disease: pharmacological considerations for the dentist. Brockmann, W. et al. 1330
ANTI-INFECTIVE AGENTS
Antimicrobial-containing tooth-binding particles may protect against caries. (News) Lund, A.E. 17
The effectiveness of a preprocedural mouthrinse containing cetylpyridinium chloride in reducing bacteria in the dental office. Feres, M. et al. 415
Use of tray-applied 10 percent carbamide peroxide gels for improving oral health in patients with special-care needs. Lazarchik, D.A. et al. 639
ANTISIALOGOGUES
The effect of antisialogogues in dentistry: a systematic review with a focus on bond failure in orthodontics. Kuijpers, M.A.R. et al. 954
ANTIVIRAL AGENTS
Combination treatments for Bell palsy can provide clinical benefit. (Critical Summaries) Rosenblum, R. Jr. 330
Treating Bell palsy. (Letter) Hiltunen, N.S. 939; (Response) Rosenblum, R.H. Jr. 939
APPOINTMENTS AND SCHEDULES
A systematic review of dental recall intervals and incidence of dental caries. Patel, S. et al. 527
APPOINTMENTS/ELECTIONS/AWARDS, 18, 140, 266, 388, 506, 634, 834, 944, 1058, 1187, 1304, 1420
ARECA
Coming to America: betel nut and oral submucous fibrosis. Aziz, S.R. 423
ARTHROPLASTY, REPLACEMENT
The dental treatment of patients with joint replacements: a position paper from the American Academy of Oral Medicine. Little, J.W. et al. 667
More about patients with joint replacement. (Letter) Geist, R.Y. 1296; (Response) Lockhart, P.B. 1297; (Response) American Dental Association Division of Science and American Academy of Orthopaedic Surgeons. 1298
Patients with joint replacements. (Letter) Friedlander, A.H. 1295; (Response) Lockhart, P.B. 1296
ASPERGILLOSIS
Aspergillosis of the maxillary sinus associated with a zygomatic implant. Sato, F.R.L. et al. 1231
ASSOCIATION DIRECTORY, 8, 124, 238, 374, 494, 614, 824, 936, 1048, 1170, 1289, 1402
ASTHMA
Asthma and oral health: a review. (JournalScan) Barnett, M.L. 1120
Is there a relationship between asthma and dental caries? A critical review of the literature. Maupomé, G. et al. 1061
Oral ulcerations in a patient with severe asthma. DeRossi, S.S. et al. 47
ATTITUDE OF HEALTH PERSONNEL
Dentists' attitudes toward chairside screening for medical conditions. Greenberg, B.L. et al. 52
Screening for medical conditions. (Letter) Speer, W.B. 829; (Response) Greenberg, B.L. et al. 830
AUTISM SPECTRUM DISORDER
Controversial issues in treating the dental patient with autism. Rada, R.E. 947
AVIATION
Adaptation of airline crew resource management principles to dentistry. Pinsky, H.M. et al. 1010
AWARDS AND PRIZES
Dr. Jane Weintraub receives Norton M. Ross Award for Excellence in Clinical Research. (News) Garvin, J. 1056

B

BACTERIA
Do periodontopathogens disappear after full-mouth tooth extraction? (JournalScan) Barnett, M.L. 335
The effectiveness of a preprocedural mouthrinse containing cetylpyridinium chloride in reducing bacteria in the dental office. Feres, M. et al. 415
BACTERIAL TOXINS
Anti-leukemia activity of a bacterial toxin with natural specificity for LFA-1 on white blood cells. (JournalScan) Barnett, M.L. 91
BARODONTALGIA
Barodontalgia: what have we learned in the past decade? (JournalScan) Barnett, M.L. 902
BAROTRAUMA
Barodontalgia: what have we learned in the past decade? (JournalScan) Barnett, M.L. 902
Diving damage. (Letter) Rogoff, A. 15; (Response) Peker, I. et al. 15
BAYES THEOREM
An investigation of dentists' and dental students' estimates of diagnostic probabilities. Chambers, D.W. et al. 656
BELL PALSY
Combination treatments for Bell palsy can provide clinical benefit. (Critical Summaries) Rosenblum, R. Jr. 330
Treating Bell palsy. (Letter) Hiltunen, N.S. 939; (Response) Rosenblum, R.H. Jr. 939
BETA-DEFENSIN
Peptide may aid in diagnosing oral cancer. (News) Lund, A.E. 17
BETEL NUT *see* ARECA
BIOCOMPATIBLE MATERIALS
Buccal reaction to silicone cosmetic filler. Mandel, L. et al. 162
Facial injectibles. (Letter) Malcmacher, L. 498
Smart coating aids dental implants, research shows. (News) Lund, A.E. 386
BIOFILMS
Do periodontopathogens disappear after full-mouth tooth extraction? (JournalScan) Barnett, M.L. 335
BISPHOSPHONATES
How patients' lack of knowledge about oral bisphosphonates can interfere

with medical and dental care. Migliorati, C.A. et al. 562
The incidence of osteonecrosis of the jaw in patients receiving 5 milligrams of zoledronic acid: data from the Health Outcomes and Reduced Incidence with Zoledronic Acid Once Yearly clinical trials program. Grbic, J.T. et al. 1365
Osteonecrosis of the jaws is associated with high-dose bisphosphonate treatment in patients with cancer. (Critical Summaries) Zahrowski, J.J. 887
BITE FORCE
More about occlusal loading. Litonjua, L.A. 254; (Response) Francisconi, L.F. et al. 256
Occlusal loading. (Letter) Grippo, J.O. 252; (Response) Francisconi, L.F. et al. 256
BODY WEIGHT
Dentists' attitudes about their role in addressing obesity in patients: a national survey. Curran, A.E. et al. 1307
Evaluating dietary intake in dental practices: doing it right. Mobley, C. et al. 1236
Healthy weight and high physical fitness levels may lower periodontitis risk, study finds. (News) Snider, J. 1186
BONE DENSITY CONSERVATION AGENTS
How patients' lack of knowledge about oral bisphosphonates can interfere with medical and dental care. Migliorati, C.A. et al. 562
The incidence of osteonecrosis of the jaw in patients receiving 5 milligrams of zoledronic acid: data from the Health Outcomes and Reduced Incidence with Zoledronic Acid Once Yearly clinical trials program. Grbic, J.T. et al. 1365
Osteonecrosis of the jaws is associated with high-dose bisphosphonate treatment in patients with cancer. (Critical Summaries) Zahrowski, J.J. 887
BONE MINERAL DENSITY
How patients' lack of knowledge about oral bisphosphonates can interfere with medical and dental care. Migliorati, C.A. et al. 562
Implant stability. (Letter) Flanagan, D. 134; (Response) Cavallaro, J. Jr. et al. 135
BRUXISM
Transient morning headache: recognizing the role of sleep bruxism and sleep-disordered breathing. Lavigne, G. et al. 297
BURNING MOUTH SYNDROME
Burning tongue and lips. Guinn, A.C. et al. 541

C

CAD/CAM *see* COMPUTER-AIDED DESIGN/COMPUTER-AIDED MANUFACTURING
CADMIUM
Association of environmental cadmium exposure with periodontal disease in U.S. adults. (JournalScan) Barnett, M.L. 90
CALENDAR OF EVENTS, 18, 141, 268, 388, 507, 636, 834, 945, 1058, 1187, 1304, 1420
CANCER, EARLY DETECTION OF
Detecting oral cancer. (Letter) Truelove, E.L. 626; (Response) Mehrotra, R. 628
Detecting oral cancer early. (For the Dental Patient) American Dental Association Division of Science. 603
Evidence-based clinical recommendations regarding screening for oral squamous cell carcinomas. Rethman, M.P. et al. 509
More about cancer detection. (Letter) Huff, K.D. 626; (Response) Mehrotra, R. 628
More about oral cancer. (Letter) Truhan, C. 1178; (Response) Rethman, M.P. 1181
Oral cancer. (Letter) Trager, R. 1178; (Response) Rethman, M.P. 1181
Researchers report link between salivary biomarkers, early-stage pancreatic cancer. (News) Snider, J. 504
CANDIDIASIS
Burning tongue and lips. Guinn, A.C. et al. 541
CANINE
Impacted canines. (Letter) Harnick, D.J. 382; (Response) Bedoya, M.M. et al. 382
Too much tooth, not enough tooth: making decisions about anterior tooth position. Spear, F. 93
CAPITAL EXPENDITURES
Purchasing new technologies. Levin, R.P. 461
CAPITATION FEE
Can I refer a patient to another dentist if a fee is capped and the patient's insurance does not cover the procedure? (Ethical Moment) McCarley, D. 584
CARBAMIDE PEROXIDE
Clinical effectiveness and tooth sensitivity associated with different bleaching times for a 10 percent carbamide peroxide gel. Cardoso, P.C. et al. 1213
Erosion and abrasion of enamel and dentin associated with at-home bleaching: an in vitro study. Engle, K. et al. 546
A randomized clinical trial comparing at-home and in-office tooth whitening techniques: a nine-month follow-up. Giachetti, L. et al. 1357
Use of tray-applied 10 percent carbamide peroxide gels for improving oral health in patients with special-care needs. Lazarchik, D.A. et al. 639
CARBONATED BEVERAGES
Enzyme linked to taste of carbonation. (News) Lund, A.E. 17
Soda consumption among young girls linked to unhealthy diets, research shows. (News) Snider, J. 942
CARBONIC ANHYDRASE 4
Enzyme linked to taste of carbonation. (News) Lund, A.E. 17
CARCINOMA, SQUAMOUS CELL
Evidence-based clinical recommendations regarding screening for oral squamous cell carcinomas. Rethman, M.P. et al. 509
More about oral cancer. (Letter) Truhan, C. 1178; (Response) Rethman, M.P. 1181
Oral cancer. (Letter) Trager, R. 1178; (Response) Rethman, M.P. 1181
Peptide may aid in diagnosing oral cancer. (News) Lund, A.E. 17
CARDIOVASCULAR DISEASES
Dentists' attitudes toward chairside screening for medical conditions. Greenberg, B.L. et al. 52
Diet, cardiovascular disease and oral health: promoting health and reducing risk. Touger-Decker, R. 167
Screening for medical conditions. (Letter) Speer, W.B. 829; (Response) Greenberg, B.L. et al. 830
CAREER CHOICE
Practice options for new dentists. Levin, R.P. 1023
CARIOSTATIC AGENTS
General practitioners' use of caries-preventive agents in adult patients versus pediatric patients: findings from The Dental Practice-Based Research Network. Riley, J.L. III et al. 679
The risk of enamel fluorosis and caries among Norwegian children: implications for Norway and the United States. Pendrys, D.G. et al. 401
Use of tray-applied 10 percent carbamide peroxide gels for improving oral health in patients with special-care needs. Lazarchik, D.A. et al. 639
CENTERS FOR DISEASE CONTROL AND PREVENTION
Standard and Transmission-Based Precautions: an update for dentistry. Harte, J.A. 572
CETYLPYRIDINIUM CHLORIDE
The effectiveness of a preprocedural mouthrinse containing cetylpyri-

dinium chloride in reducing bacteria in the dental office. Feres, M. et al. 415
CHEMILUMINESCENT MEASUREMENTS
A cross-sectional study evaluating chemiluminescence and autofluorescence in the detection of clinically innocuous precancerous and cancerous oral lesions. Mehrotra, R. et al. 151; (Correction) 388
Detecting oral cancer. (Letter) Truelove, E.L. 626; (Response) Mehrotra, R. 628
More about cancer detection. (Letter) Huff, K.D. 626; (Response) Mehrotra, R. 628
CHILDREN WITH DISABILITIES
Controversial issues in treating the dental patient with autism. Rada, R.E. 947
Facilitating the transition of patients with special health care needs from pediatric to adult oral health care. Nowak, A.J. et al. 1351
The transition of children with disabilities to adulthood: what about dental care? (Guest Editorial) Waldman, H.B. et al. 937
CHROMOSOME ABERRATIONS
Chromosomal numerical aberrations in apparently normal oral mucosa of heavy smokers affected by lung cancer. (JournalScan) Barnett, M.L. 570
CLINICAL COMPETENCE
AAOMS challenges AMA data series comments on OMS, dentistry. (Guest Editorial) Cheifetz, I.D. 617
Education and training. (Letter) Fox, C.H. 621
Education and training: two different proficiencies necessary to provide oral health care. (Editorial) Glick, M. 240
Experienced educators needed. (Letter) Spallek, H. 622
Seeking the right approach. (Letter) McMinn, W.E. 624
CLINICAL TRIALS
Distorting, misrepresenting and slanting research results. (Editorial) Glick, M. 1049
CODEINE
Good evidence supports acetaminophen as an effective and safe reliever of acute postoperative pain. (Critical Summaries) Zahrowski, J.J. 455
CODES OF ETHICS
Can I refer a patient to another dentist if a fee is capped and the patient's insurance does not cover the procedure? (Ethical Moment) McCarley, D. 584
Deciding about patients' requests for extraction: ethical and legal guidelines. Broers, D.L.M. et al. 195
How do I ethically handle a request for confidentiality by an elderly patient? (Ethical Moment) Foy, P.J. 463
Is it ethical for a specialist to demonstrate surgical techniques to a general dentist untrained in the procedure so that the dentist can perform these procedures on his or her own? (Ethical Moment) Palcanis, K.G. 1496
Is it ethical to claim full credit for an on-site continuing education course that the presenter shortens significantly? (Ethical Moment) Lantz, M.S. et al. 99
Should a local peer-review committee take a case that involves a nonmember of the American Dental Association? (Ethical Moment) Palcanis, K.G. et al. 209
What are the ethical issues to consider in the design of my Web site? (Ethical Moment) Wentworth, R.B. 342
What ethical issues should general dentists consider when the state of the economy affects decisions regarding referral of patients to specialists? (Ethical Moment) Wentworth, R.B. 1125
What ethical responsibilities do I have with regard to radiographs for my patients? (Ethical Moment) Wentworth, R.B. 718
What is my ethical responsibility toward patients who refuse to be treated with materials containing fluoride? (Ethical Moment) Gamba, T.W. 906
What is the ethical course of action when a third-party payer denies coverage for a treatment I recommend simply because the treatment is not one of the plan's "evidence-based best practices"? (Ethical Moment) Lantz, M.S. et al. 1025
What should I do about the use of unsubstantiated procedures by specialists to whom I refer patients? (Ethical Moment) Foy, P.J. et al. 1265
COFFEE
Coffee and tea intake and risk of head and neck cancer: pooled analysis in the International Head and Neck Cancer Epidemiology Consortium. (JournalScan) Barnett, M.L. 1120
Study: drinking coffee regularly may protect against head, neck cancer. (News) Snider, J. 1187
COMMUNICABLE DISEASE CONTROL
Emerging and re-emerging infectious diseases: be prepared. (Guest Editorial) Kohn, W.G. 10
Standard and Transmission-Based Precautions: an update for dentistry. Harte, J.A. 572
TB alert. (Letter) Tecosky, D.A. 378; (Response) Kohn, W.G. 381
COMMUNICATION
Digital transition: the collaboration between dentists and laboratory technicians on CAD/CAM restorations. Touchstone, A. et al. 15S (June)
COMORBIDITY
Psychological correlates of medical comorbidities in patients with temporomandibular disorders. Burris, J.L. et al. 22
COMPUTER-AIDED DESIGN/ COMPUTER-AIDED MANUFACTURING (CAD/CAM)
CAD/CAM in-office technology: innovations after 25 years for predictable, esthetic outcomes. Poticny, D.J. et al. 5S (June)
The CEREC system: 25 years of chairside CAD/CAM dentistry. Fasbinder, D.J. 3S (June)
A clinical evaluation of chairside lithium disilicate CAD/CAM crowns: a two-year report. Fasbinder, D.J. et al. 10S (June)
Digital transition: the collaboration between dentists and laboratory technicians on CAD/CAM restorations. Touchstone, A. et al. 15S (June)
Integrating three-dimensional digital technologies for comprehensive implant dentistry. Patel, N. 20S (June)
More about supplement. (Letter) Silvestri, A. Jr. 940; (Editor's Note) 940
Supplement at issue. (Letter) Friedel, A.E. 939; (Editor's Note) 940
CONDITIONING (PSYCHOLOGY)
Noninvasive technique can block conditioned fear in humans, researchers say. (News) Lund, A.E. 264
CONE-BEAM COMPUTED TOMOGRAPHY
Cone-beam computed tomography and the orthosurgical management of impacted teeth. Becker, A. et al. 14S (Oct.)
(Correction) 1304
Integrating three-dimensional digital technologies for comprehensive implant dentistry. Patel, N. 20S (June)
Operational principles for cone-beam computed tomography. Hatcher, D.C. 3S (Oct.)
Practical applications of cone-beam computed tomography in orthodon-

tics. Mah, J.K. et al. 7S (Oct.)
The role of cone-beam computed tomography in the planning and placement of implants. Worthington, P. et al. 19S (Oct.)
CONFIDENTIALITY
How do I ethically handle a request for confidentiality by an elderly patient? (Ethical Moment) Foy, P.J. 463
CONFLICT OF INTEREST
More about supplement. (Letter) Silvestri, A. Jr. 940; (Editor's Note) 940
Supplement at issue. (Letter) Friedel, A.E. 939; (Editor's Note) 940
Uniform format for disclosure of competing interests in ICMJE journals. (Guest Editorial) Drazen, J.M. et al. 131
CONTINUING EDUCATION PROGRAM, 103, 211, 349, 465, 586, 797, 909 (Correction 944), 1027, 1141, 1267, 1379, 1499
COSMETIC TECHNIQUES
Buccal reaction to silicone cosmetic filler. Mandel, L. et al. 162
Facial injectibles. (Letter) Malcmacher, L. 498
COUNSELING
Dentists' attitudes about their role in addressing obesity in patients: a national survey. Curran, A.E. et al. 1307
Do faxed quitline referrals add value to dental office–based tobacco-use cessation interventions? Gordon, J.S. et al. 1000
CROSS INFECTION
Standard and Transmission-Based Precautions: an update for dentistry. Harte, J.A. 572
CROWN LENGTHENING
Contemporary crown-lengthening therapy: a review. Hempton, T.J. et al. 647
Crown lengthening. (Letter) Patil, P.G. 1182; (Response) Hempton, T.J. et al. 1184
More about crown lengthening. (Letter) Haghkerdar, F. 1183; (Response) Hempton, T.J. et al. 1184
CROWNS
CAD/CAM in-office technology: innovations after 25 years for predictable, esthetic outcomes. Poticny, D.J. et al. 5S (June)
The ceramic crown dilemma. Christensen, G.J. 1019
The CEREC system: 25 years of chairside CAD/CAM dentistry. Fasbinder, D.J. 3S (June)
A clinical evaluation of chairside lithium disilicate CAD/CAM crowns: a two-year report. Fasbinder, D.J. et al. 10S (June)

D

DECISION MAKING
Anterior tooth position. (Letter) Patil, P.G. 620; (Response) Spear, F. 621
Deciding about patients' requests for extraction: ethical and legal guidelines. Broers, D.L.M. et al. 195
Implants or pontics. (Letter) Patil, P.G. 14; (Response) Spear, F.M. 15
Requested extraction. (Letter) Ross, D.L. 503; (Response) Broers, D.L.M. 503
Too much tooth, not enough tooth: making decisions about anterior tooth position. Spear, F. 93
DEFIBRILLATORS, IMPLANTABLE
Interference of cardiac pacemaker and implantable cardioverter-defibrillator activity during electronic dental device use. Roedig, J.J. et al. 521
More about pacemakers. (Letter) Crossley, G.H. et al. 1053; (Response) Shah, J. et al. 1053
Pacemakers and dental devices. (Letter) Carlson, B.K. 1052; (Response) Shah, J. et al. 1053
DEMINERALIZED FREEZE-DRIED BONE
The use of platelet-rich plasma combined with demineralized freeze-dried bone allograft in the treatment of periodontal endosseous defects: a report of two clinical cases. Markou, N. et al. 967
DENTAL AMALGAM
Limited evidence exists that glass ionomer restorations in permanent teeth offer a lower risk of developing carious lesions at margins compared with amalgam restorations. (Critical Summaries) Flores-Mir, C. et al. 193
Reasons for placement of restorations on previously unrestored tooth surfaces by dentists in The Dental Practice-Based Research Network. Nascimento, M.M. et al. 441
DENTAL ARCH
Evidence indicates minimal short-term space loss after premature loss of primary first molars. (Critical Summaries) DaBell, J. et al. 77
Space maintainers. (Letter) Woods, W.D. 501
Understanding the process. (Letter) Kamp, A.A. 502; (Response) Huang, G.J. 502
DENTAL ASSISTANTS
Making Class II resin-based composite restorations predictable and profitable. Christensen, G.J. 457
DENTAL BONDING
The effect of antisialogogues in dentistry: a systematic review with a focus on bond failure in orthodontics. Kuijpers, M.A.R. et al. 954
The effect of Er,Cr:YAG laser and air abrasion on shear bond strength of a fissure sealant to enamel. Moslemi, M. et al. 157; (Correction) 506
Influence of in situ postbleaching times on shear bond strength of resin-based composite restorations. Bittencourt, M.E. et al. 300
Lasers and air abrasion. (Letter) Hoopingarner, C.R. et al. 831; (Response) Moslemi, M. 831
The postoperative sensitivity of fixed partial dentures cemented with self-adhesive resin cements: a clinical study. Saad, D.E.-D. et al. 1459
DENTAL CARE
The dental treatment of patients with joint replacements: a position paper from the American Academy of Oral Medicine. Little, J.W. et al. 667
More about patients with joint replacement. (Letter) Geist, R.Y. 1296; (Response) Lockhart, P.B. 1297; (Response) American Dental Association Division of Science and American Academy of Orthopaedic Surgeons. 1298
Patients with joint replacements. (Letter) Friedlander, A.H. 1295; (Response) Lockhart, P.B. 1296
For aged patients
Defining oral neglect in institutionalized elderly: a consensus definition for the protection of vulnerable elderly people. Katz, R.V. et al. 433
How do I ethically handle a request for confidentiality by an elderly patient? (Ethical Moment) Foy, P.J. 463
Hyposalivation and xerostomia in dentate older adults. Wiener, R.C. et al. 279
Oral hygiene can reduce the incidence of and death resulting from pneumonia and respiratory tract infection. (Critical Summaries) Rosenblum, R. Jr. 1117
Protecting the elderly. (Letter) Glassman, P. et al. 1298; (Response) Katz, R.V. 1299

The risk of enamel fluorosis and caries among Norwegian children: implications for Norway and the United States. Pendrys, D.G. et al. 401
A systematic review of dental recall intervals and incidence of dental caries. Patel, S. et al. 527
Etiology
Association between obesity, flow rate of whole saliva, and dental caries in adolescents. (JournalScan) Barnett, M.L. 900
Is there a relationship between asthma and dental caries? A critical review of the literature. Maupomé, G. et al. 1061
Microbiology
Painless plasma jets could replace dentist's drill, research shows. (News) Lund, A.E. 264
Prevention
Antimicrobial-containing tooth-binding particles may protect against caries. (News) Lund, A.E. 17
Availability of optical coherence tomography. (Letter) Wiggin, L. 16; (Response) Zero, D.T. 16
Eating habits for a healthy smile and body. (For the Dental Patient) American Dental Association Division of Science. 1544
Evidence-based clinical recommendations on the prescription of dietary fluoride supplements for caries prevention: a report of the American Dental Association Council on Scientific Affairs. Rozier, R.G. et al. 1480
Limited evidence exists that glass ionomer restorations in permanent teeth offer a lower risk of developing carious lesions at margins compared with amalgam restorations. (Critical Summaries) Flores-Mir, C. et al. 193
Sealing out tooth decay. (For The Dental Patient) American Dental Association Division of Science. 363; (Correction) 506
Techniques for assessing tooth surfaces in school-based sealant programs. Fontana, M. et al. 854
Use of tray-applied 10 percent carbamide peroxide gels for improving oral health in patients with special-care needs. Lazarchik, D.A. et al. 639
Susceptibility
Is there a relationship between asthma and dental caries? A critical review of the literature. Maupomé, G. et al. 1061
Restorative treatment thresholds for occlusal primary caries among dentists in The Dental Practice-Based Research Network. Gordan, V.V. et al. 171
Study links taste genes, tooth decay. (News) Lund, A.E. 1418
Therapy
Reasons for placement of restorations on previously unrestored tooth surfaces by dentists in The Dental Practice-Based Research Network. Nascimento, M.M. et al. 441
Restorative treatment thresholds for occlusal primary caries among dentists in The Dental Practice-Based Research Network. Gordan, V.V. et al. 171
DENTAL CERAMICS
The ceramic crown dilemma. Christensen, G.J. 1019
A clinical comparison of zirconia, metal and alumina fixed-prosthesis frameworks veneered with layered or pressed ceramic: a three-year report. Christensen, R.P. et al. 1317
DENTAL DEVICES, HOME CARE
A randomized clinical trial comparing at-home and in-office tooth whitening techniques: a nine-month follow-up. Giachetti, L. et al. 1357
DENTAL ENAMEL
The effect of Er,Cr:YAG laser and air abrasion on shear bond strength of a fissure sealant to enamel. Moslemi, M. et al. 157; (Correction) 506

Erosion and abrasion of enamel and dentin associated with at-home bleaching: an in vitro study. Engle, K. et al. 546
Findings questioned. (Letter) Bitter, N.C. 1051; (Response) Cadenaro, M. et al. 1051
Infant formula. (Letter) Khan, F. 14; (Response) Ristic, H. et al. 14
An in vivo study of the effect of a 38 percent hydrogen peroxide in-office whitening agent on enamel. Cadenaro, M. et al. 449
Lasers and air abrasion. (Letter) Hoopingarner, C.R. et al. 831; (Response) Moslemi, M. 831
Protein may play key role in enamel development. (News) Lund, A.E. 1304
Radiocarbon analysis of tooth enamel provides estimated year of birth, study finds. (News) Snider, J. 1058
The risk of enamel fluorosis and caries among Norwegian children: implications for Norway and the United States. Pendrys, D.G. et al. 401
DENTAL EQUIPMENT
Interference of cardiac pacemaker and implantable cardioverter-defibrillator activity during electronic dental device use. Roedig, J.J. et al. 521
More about pacemakers. (Letter) Crossley, G.H. et al. 1053; (Response) Shah, J. et al. 1053
Pacemakers and dental devices. (Letter) Carlson, B.K. 1052; (Response) Shah, J. et al. 1053
DENTAL ERRORS
Adaptation of airline crew resource management principles to dentistry. Pinsky, H.M. et al. 1010
DENTAL IMPLANTATION, ENDOSSEOUS
Implant stability. (Letter) Flanagan, D. 134; (Response) Cavallaro, J. Jr. et al. 135
Integrating three-dimensional digital technologies for comprehensive implant dentistry. Patel, N. 20S (June)
Outcomes of one-stage versus two-stage implant placement. (Critical Summaries) Byrne, G. 1257
The role of cone-beam computed tomography in the planning and placement of implants. Worthington, P. et al. 19S (Oct.)
DENTAL IMPLANTS
Cantilevers extending from unilateral implant-supported fixed prostheses: a review of the literature and presentation of practical guidelines. Greenstein, G. et al. 1221; (Correction) 1304
Implant stability. (Letter) Flanagan, D. 134; (Response) Cavallaro, J. Jr. et al. 135
Implants or pontics. (Letter) Patil, P.G. 14; (Response) Spear, F.M. 15
The role of cone-beam computed tomography in the planning and placement of implants. Worthington, P. et al. 19S (Oct.)
Smart coating aids dental implants, research shows. (News) Lund, A.E. 386
Single tooth
Aspergillosis of the maxillary sinus associated with a zygomatic implant. Sato, F.R.L. et al. 1231
Integrating three-dimensional digital technologies for comprehensive implant dentistry. Patel, N. 20S (June)
DENTAL IMPRESSION MATERIALS
Accuracy and dimensional stability of extended-pour and conventional alginate impression materials. Imbery, T.A. et al. 32
DENTAL IMPRESSION TECHNIQUE
Accuracy and dimensional stability of extended-pour and conventional alginate impression materials. Imbery, T.A. et al. 32
Digital transition: the collaboration between dentists and laboratory technicians on CAD/CAM restorations. Touchstone, A. et al. 15S (June)
Integrating three-dimensional digital technologies for comprehensive implant dentistry. Patel, N. 20S (June)
DENTAL INFORMATICS
Ontology and the future of dental research informatics. (Editorial) Smith, B. et al. 1173
DENTAL INSTRUMENTS
Interference of cardiac pacemaker and implantable cardioverter-defibrillator activity during electronic dental device use. Roedig, J.J. et al. 521
More about pacemakers. (Letter) Crossley, G.H. et al. 1053; (Response) Shah, J. et al. 1053
Pacemakers and dental devices. (Letter) Carlson, B.K. 1052; (Response) Shah, J. et al. 1053
DENTAL MATERIALS
Are you using "gray-market" or counterfeit dental products? Christensen, G.J. 712
Composite restorations. (Letter) Fabel, P.F. 248; (Response) Gordan, V.V. 250
The effect of air-polishing abrasives on wear of direct restoration materials and sealants. Pelka, M.A. et al. 63
Influence of in situ postbleaching times on shear bond strength of resin-based composite restorations. Bittencourt, M.E. et al. 300
More about composites. (Letter) Kulild, J.C. 250; (Response) Gordan, V.V. 250
Two-year clinical evaluation of packable and nanostructured resin-based composites placed with two techniques. Manarte Monteiro, P. et al. 319
DENTAL MODELS
Digital transition: the collaboration between dentists and laboratory technicians on CAD/CAM restorations. Touchstone, A. et al. 15S (June)
DENTAL PLAQUE
Use of tray-applied 10 percent carbamide peroxide gels for improving oral health in patients with special-care needs. Lazarchik, D.A. et al. 639
DENTAL PROPHYLAXIS
The effect of air-polishing abrasives on wear of direct restoration materials and sealants. Pelka, M.A. et al. 63
How to clean the tooth surface before sealant application. (Critical Summaries) Farsai, P.S. et al. 696
DENTAL PROSTHESIS
Design
CAD/CAM in-office technology: innovations after 25 years for predictable, esthetic outcomes. Poticny, D.J. et al. 5S (June)
The CEREC system: 25 years of chairside CAD/CAM dentistry. Fasbinder, D.J. 3S (June)
A clinical comparison of zirconia, metal and alumina fixed-prosthesis frameworks veneered with layered or pressed ceramic: a three-year report. Christensen, R.P. et al. 1317
A clinical evaluation of chairside lithium disilicate CAD/CAM crowns: a two-year report. Fasbinder, D.J. et al. 10S (June)
Digital transition: the collaboration between dentists and laboratory technicians on CAD/CAM restorations. Touchstone, A. et al. 15S (June)
Integrating three-dimensional digital technologies for comprehensive implant dentistry. Patel, N. 20S (June)
More about supplement. (Letter) Silvestri, A. Jr. 940; (Editor's Note) 940
Supplement at issue. (Letter) Friedel, A.E. 939; (Editor's Note) 940

Failure
The effect of antisialogogues in dentistry: a systematic review with a focus on bond failure in orthodontics. Kuijpers, M.A.R. et al. 954
Implant supported
Cantilevers extending from unilateral implant-supported fixed prostheses: a review of the literature and presentation of practical guidelines. Greenstein, G. et al. 1221; (Correction) 1304
Limited evidence that cantilevers are associated with slightly lower survival rates of implant-supported fixed partial dentures. (Critical Summaries) Lee, H. et al. 1371
Retention
Implant stability. (Letter) Flanagan, D. 134; (Response) Cavallaro, J. Jr. et al. 135
Limited evidence that cantilevers are associated with slightly lower survival rates of implant-supported fixed partial dentures. (Critical Summaries) Lee, H. et al. 1371
DENTAL RESTORATION, PERMANENT
Restorative treatment thresholds for occlusal primary caries among dentists in The Dental Practice-Based Research Network. Gordan, V.V. et al. 171
Adverse effects
What is my ethical responsibility toward patients who refuse to be treated with materials containing fluoride? (Ethical Moment) Gamba, T.W. 906
Classification
Why use resin cements? Christensen, G.J. 204
Economics
Making Class II resin-based composite restorations predictable and profitable. Christensen, G.J. 457
Failure
Composite restorations. (Letter) Fabel, P.F. 248; (Response) Gordan, V.V. 250
Diving damage. (Letter) Rogoff, A. 15; (Response) Peker, I. et al. 15
More about composites. (Letter) Kulild, J.C. 250; (Response) Gordan, V.V. 250
Methods
Composite restorations. (Letter) Fabel, P.F. 248; (Response) Gordan, V.V. 250
Influence of in situ postbleaching times on shear bond strength of resin-based composite restorations. Bittencourt, M.E. et al. 300
Limited evidence exists that glass ionomer restorations in permanent teeth offer a lower risk of developing carious lesions at margins compared with amalgam restorations. (Critical Summaries) Flores-Mir, C. et al. 193
Making Class II resin-based composite restorations predictable and profitable. Christensen, G.J. 457
More about composites. (Letter) Kulild, J.C. 250; (Response) Gordan, V.V. 250
More about occlusal loading. Litonjua, L.A. 254; (Response) Francisconi, L.F. et al. 256
Occlusal loading. (Letter) Grippo, J.O. 252; (Response) Francisconi, L.F. et al. 256
Reasons for placement of restorations on previously unrestored tooth surfaces by dentists in The Dental Practice-Based Research Network. Nascimento, M.M. et al. 441
Should resin-based composites dominate restorative dentistry today? Christensen, G.J. 1490
Two-year clinical evaluation of packable and nanostructured resin-based composites placed with two techniques. Manarte Monteiro, P. et al. 319
Trends
Trends in dental treatment, 1992 to 2007. Eklund, S.A. 391
Wear

ETHICS
Can I refer a patient to another dentist if a fee is capped and the patient's insurance does not cover the procedure? (Ethical Moment) McCarley, D. 584
Deciding about patients' requests for extraction: ethical and legal guidelines. Broers, D.L.M. et al. 195
How do I ethically handle a request for confidentiality by an elderly patient? (Ethical Moment) Foy, P.J. 463
Is it ethical for a specialist to demonstrate surgical techniques to a general dentist untrained in the procedure so that the dentist can perform these procedures on his or her own? (Ethical Moment) Palcanis, K.G. 1496
Is it ethical to claim full credit for an on-site continuing education course that the presenter shortens significantly? (Ethical Moment) Lantz, M.S. et al. 99
Requested extraction. (Letter) Ross, D.L. 503; (Response) Broers, D.L.M. 503
Should a local peer-review committee take a case that involves a nonmember of the American Dental Association? (Ethical Moment) Palcanis, K.G. et al. 209
Treating another's patients. (Letter) Finkel, S.J. 135; (Response) Wentworth, R.B. 136
What are the ethical issues to consider in the design of my Web site? (Ethical Moment) Wentworth, R.B. 342
What ethical issues should general dentists consider when the state of the economy affects decisions regarding referral of patients to specialists? (Ethical Moment) Wentworth, R.B. 1125
What ethical responsibilities do I have with regard to radiographs for my patients? (Ethical Moment) Wentworth, R.B. 718
What is my ethical responsibility toward patients who refuse to be treated with materials containing fluoride? (Ethical Moment) Gamba, T.W. 906
What is the ethical course of action when a third-party payer denies coverage for a treatment I recommend simply because the treatment is not one of the plan's "evidence-based best practices"? (Ethical Moment) Lantz, M.S. et al. 1025
What should I do about the use of unsubstantiated procedures by specialists to whom I refer patients? (Ethical Moment) Foy, P.J. et al. 1265
EVIDENCE-BASED DENTISTRY
Evidence-based clinical recommendations on the prescription of dietary fluoride supplements for caries prevention: a report of the American Dental Association Council on Scientific Affairs. Rozier, R.G. et al. 1480
Evidence-based clinical recommendations regarding screening for oral squamous cell carcinomas. Rethman, M.P. et al. 509
Evidence-based dentistry: achieving a balance. (Guest Editorial) Sakaguchi, R. 496
General practitioners' use of caries-preventive agents in adult patients versus pediatric patients: findings from The Dental Practice-Based Research Network. Riley, J.L. III et al. 679
More about oral cancer. (Letter) Truhan, C. 1178; (Response)

Rethman, M.P. 1181
Oral cancer. (Letter) Trager, R. 1178; (Response) Rethman, M.P. 1181
What's in a dental practice-based research network? Characteristics of Northwest PRECEDENT dentists, their patients and office visits. DeRouen, T.A. et al. 889
What is the ethical course of action when a third-party payer denies coverage for a treatment I recommend simply because the treatment is not one of the plan's "evidence-based best practices"? (Ethical Moment) Lantz, M.S. et al. 1025
EXTINCTION (PSYCHOLOGY)
Noninvasive technique can block conditioned fear in humans, researchers say. (News) Lund, A.E. 264
EYE MOVEMENTS
Eye fixations when viewing faces. Hickman, L. et al. 40

F

FACIAL DERMATOSES
Buccal reaction to silicone cosmetic filler. Mandel, L. et al. 162
Facial injectibles. (Letter) Malcmacher, L. 498
FACIAL PAIN
Accuracy of patients' recall of temporomandibular joint pain and dysfunction after experiencing whiplash trauma: a prospective study. Salé, H. et al. 879
The mechanisms of joint and muscle pain. Svensson, P. et al. 672
Neurovascular orofacial pain. Benoliel, R. et al. 1094
Psychological correlates of medical comorbidities in patients with temporomandibular disorders. Burris, J.L. et al. 22
FACULTY, DENTAL
Education and training. (Letter) Fox, C.H. 621
Education and training: two different proficiencies necessary to provide oral health care. (Editorial) Glick, M. 240
Experienced educators needed. (Letter) Spallek, H. 622
Seeking the right approach. (Letter) McMinn, W.E. 624
FASCIITIS, NECROTIZING
Cervical necrotizing fasciitis originating with a periapical infection. Treasure, T. et al. 861
FATTY ACIDS, POLYUNSATURATED
Polyunsaturated fatty acids may help treat, prevent periodontitis, study finds. (News) Snider, J. 1416
FEAR
Noninvasive technique can block conditioned fear in humans, researchers say. (News) Lund, A.E. 264
Severe dental care fear may be associated with troubled family life. (News) Snider, J. 634
FINANCIAL MANAGEMENT
Personal and professional economic recovery. Levin, R.P. 207
FIXATION, OCULAR
Eye fixations when viewing faces. Hickman, L. et al. 40
FLUORIDES
Administration
Evidence-based clinical recommendations on the prescription of dietary fluoride supplements for caries prevention: a report of the American Dental Association Council on Scientific Affairs. Rozier, R.G. et al. 1480
Adverse effects
Associations between fluorosis of permanent incisors and fluoride intake from infant formula, other dietary sources and dentifrice during early childhood. Levy, S.M. et al. 1190
Infant formula. (Letter) Khan, F. 14; (Response) Ristic, H. et al. 14
The risk of enamel fluorosis and caries among Norwegian children: implications for Norway and the United States. Pendrys, D.G. et al. 401
What is my ethical responsibility toward patients who refuse to be treated with materials containing fluoride? (Ethical Moment) Gamba, T.W. 906
FLUOROSIS
Associations between fluorosis of permanent incisors and fluoride intake from infant formula, other dietary sources and dentifrice during early childhood. Levy, S.M. et al. 1190
Evidence-based clinical recommendations on the prescription of dietary fluoride supplements for caries prevention: a report of the American Dental Association Council on Scientific Affairs. Rozier, R.G. et al. 1480
Infant formula. (Letter) Khan, F. 14; (Response) Ristic, H. et al. 14
The risk of enamel fluorosis and caries among Norwegian children: implications for Norway and the United States. Pendrys, D.G. et al. 401
FOMITES
The effectiveness of a preprocedural mouthrinse containing cetylpyridinium chloride in reducing bacteria in the dental office. Feres, M. et al. 415
FOOD AND DRUG ADMINISTRATION, U.S.
Are you using "gray-market" or counterfeit dental products? Christensen, G.J. 712
FOOD HABITS
Eating habits for a healthy smile and body. (For the Dental Patient) American Dental Association Division of Science. 1544
FOOD PREFERENCES
Is sweetness preference based in biology? (News) Lund, A.E. 387
FRAUD
Are you using "gray-market" or counterfeit dental products? Christensen, G.J. 712
Distorting, misrepresenting and slanting research results. (Editorial) Glick, M. 1049

G

GENERAL PRACTICE
Dental care for pregnant women: an assessment of North Carolina general dentists. Da Costa, E.P. et al. 986
General practitioners' use of caries-preventive agents in adult patients versus pediatric patients: findings from The Dental Practice-Based Research Network. Riley, J.L. III et al. 679
Incidence of symptoms in previously symptom-free impacted lower third molars assessed in general dental practice. (JournalScan) Barnett, M.L. 89
Is it ethical for a specialist to demonstrate surgical techniques to a general dentist untrained in the procedure so that the dentist can perform these procedures on his or her own? (Ethical Moment) Palcanis, K.G. 1496
Reasons for placement of restorations on previously unrestored tooth surfaces by dentists in The Dental Practice-Based Research Network. Nascimento, M.M. et al. 441
What ethical issues should general dentists consider when the state of the economy affects decisions regarding referral of patients to specialists? (Ethical Moment) Wentworth, R.B. 1125
What's in a dental practice-based research network? Characteristics of Northwest PRECEDENT dentists, their patients and office visits. DeRouen, T.A. et al. 889
GENE THERAPY
Salivary epithelial cells: an unassuming target site for gene therapeutics. (JournalScan) Barnett, M.L. 571
GINGIVAL CREVICULAR FLUID
Mass spectrometric analyses of peptides and proteins in human gingival crevicular fluid. (JournalScan) Barnett, M.L. 1373

GINGIVAL HYPERPLASIA
Gingival overgrowth in subjects under immunosuppressive regimens based on cyclosporine, tacrolimus, or sirolimus. (JournalScan) Barnett, M.L. 1374
Relative frequency of localized reactive hyperplastic lesions of the gingiva: a retrospective study of 1675 cases from Israel. (JournalScan) Barnett, M.L. 1119
GLASS IONOMER CEMENTS
Limited evidence exists that glass ionomer restorations in permanent teeth offer a lower risk of developing carious lesions at margins compared with amalgam restorations. (Critical Summaries) Flores-Mir, C. et al. 193
GLUCOCORTICOIDS
Combination treatments for Bell palsy can provide clinical benefit. (Critical Summaries) Rosenblum, R. Jr. 330
Treating Bell palsy. (Letter) Hiltunen, N.S. 939; (Response) Rosenblum, R.H. Jr. 939
GOUT
Gout of the temporomandibular joint: a review of the literature. Bhattacharyya, I. et al. 979
GUIDED TISSUE REGENERATION
Body's own stem cells can lead to tooth regeneration, research shows. (News) Lund, A.E. 833

H

HALITOSIS
Characteristics of 2000 patients who visited a halitosis clinic. (JournalScan) Barnett, M.L. 334
Higher oral bacteria populations may cause bad breath. (News) Lund, A.E. 833
Some evidence shows that certain mouthrinses can reduce halitosis. (Critical Summaries) Kumar, S.K.S. et al. 1008
HEADACHE
Neurovascular orofacial pain. Benoliel, R. et al. 1094
Transient morning headache: recognizing the role of sleep bruxism and sleep-disordered breathing. Lavigne, G. et al. 297
HEAD AND NECK NEOPLASMS
Complications
Taste dysfunction in head and neck malignancy. (JournalScan) Barnett, M.L. 901
Epidemiology
Coffee and tea intake and risk of head and neck cancer: pooled analysis in the International Head and Neck Cancer Epidemiology Consortium. (JournalScan) Barnett, M.L. 1120
Prevention
Study: drinking coffee regularly may protect against head, neck cancer. (News) Snider, J. 1187
Therapy
Combined imaging tests may help patients with advanced head, neck cancer. (News) Snider, J. 138
Study reports poorer outcomes for patients who smoke during radiation therapy. (News) Snider, J. 632
HEALTH
Knowledge, attitudes, practice
How patients' lack of knowledge about oral bisphosphonates can interfere with medical and dental care. Migliorati, C.A. et al. 562
Promotion
Diet, cardiovascular disease and oral health: promoting health and reducing risk. Touger-Decker, R. 167
Status
Income inequality and caries. (Letter) Whipps, J.F. 498; (Response) Bernabé, E. et al. 500
Is income inequality related to childhood dental caries in rich countries? Bernabé, E. et al. 143
More about income inequality. (Letter) Lage, G.L. 499; (Response) Bernabé, E. et al. 500
Social engineering. (Letter) Muehleis, P. 500; (Response) Bernabé, E. et al. 500
HEALTH BENEFIT PLANS, EMPLOYEE
Characteristics of employers offering dental coverage in the United States. Manski, R.J. et al. 700
HEALTH CARE
Expenditures
Dental care needs, use and expenditures among U.S. children with and without special health care needs. Iida, H. et al. 79
Knowledge, attitudes, practice
How patients' lack of knowledge about oral bisphosphonates can interfere with medical and dental care. Migliorati, C.A. et al. 562
Needs and demand
Dental care needs, use and expenditures among U.S. children with and without special health care needs. Iida, H. et al. 79
Reform
Health care reform. (Letter) Pesillo, C. 246; (Response) Bader, J.D. 246
Medicaid reforms in Oregon and suboptimal utilization of dental care by women of childbearing age. Milgrom, P. et al. 688
Oral health provisions in U.S. health care reform. Edelstein, B.L. et al. 1471
Services, accessibility
The transition of children with disabilities to adulthood: what about dental care? (Guest Editorial) Waldman, H.B. et al. 937
HEART FAILURE
Dental care for patients with heart failure: an update. Herman, W.W. et al. 845
HEMOLYSIN PROTEINS
Anti-leukemia activity of a bacterial toxin with natural specificity for LFA-1 on white blood cells. (JournalScan) Barnett, M.L. 91
HERPESVIRUS 1, HUMAN
Palatal lesions in an otherwise healthy patient. Brown, R.S. et al. 429
HISTOPLASMOSIS
Oral ulcerations in a patient with severe asthma. DeRossi, S.S. et al. 47
HOSPITALIZATION
Outcomes in patients hospitalized for periapical abscess in the United States: an analysis involving the use of a nationwide inpatient sample. Allareddy, V. et al. 1107
HOTLINES
Do faxed quitline referrals add value to dental office–based tobacco-use cessation interventions? Gordon, J.S. et al. 1000
HUMAN IMMUNODEFICIENCY VIRUS INFECTIONS
Thirty years on, and still there is much to accomplish. (Guest Editorial) Croser, D. 1292
HUMAN PAPILLOMA VIRUS *see* **PAPILLOMAVIRUS, HUMAN**
HYDROGEN PEROXIDE
Erosion and abrasion of enamel and dentin associated with at-home bleaching: an in vitro study. Engle, K. et al. 546
Findings questioned. (Letter) Bitter, N.C. 1051; (Response) Cadenaro, M. et al. 1051
Influence of in situ postbleaching times on shear bond strength of resin-based composite restorations. Bittencourt, M.E. et al. 300
An in vivo study of the effect of a 38 percent hydrogen peroxide in-office whitening agent on enamel. Cadenaro, M. et al. 449
A randomized clinical trial comparing at-home and in-office tooth whitening techniques: a nine-month follow-up. Giachetti, L. et al. 1357
HYPNOTICS AND SEDATIVES
Chronic kidney disease: pharmacological considerations for the dentist. Brockmann, W. et al. 1330

I

IBUPROFEN
Good evidence supports ibuprofen as an effective and safe analgesic for

postoperative pain. (Critical Summaries) Jeske, A. et al. 567
IMAGING, THREE-DIMENSIONAL
Cone-beam computed tomography and the orthosurgical management of impacted teeth. Becker, A. et al. 14S (Oct.)
Integrating three-dimensional digital technologies for comprehensive implant dentistry. Patel, N. 20S (June)
Operational principles for cone-beam computed tomography. Hatcher, D.C. 3S (Oct.)
Practical applications of cone-beam computed tomography in orthodontics. Mah, J.K. et al. 7S (Oct.)
The role of cone-beam computed tomography in the planning and placement of implants. Worthington, P. et al. 19S (Oct.)
IMMIGRANTS
Determinants of oral health care utilization among diverse groups of immigrants in New York City. Cruz, G.D. et al. 871
Paying for care. (Letter) Tanchyk, A. 1181; (Response) Cruz, G.D. 1182
IMMUNITY, INNATE
The essentiality of alpha-2-macroglobulin in human salivary innate immunity against new H1N1 swine origin influenza A virus. (JournalScan) Barnett, M.L. 901
IMMUNOCOMPROMISED HOST
Cervical necrotizing fasciitis originating with a periapical infection. Treasure, T. et al. 861
Gingival overgrowth in subjects under immunosuppressive regimens based on cyclosporine, tacrolimus, or sirolimus. (JournalScan) Barnett, M.L. 1374
IMMUNOSUPPRESSANTS
Gingival overgrowth in subjects under immunosuppressive regimens based on cyclosporine, tacrolimus, or sirolimus. (JournalScan) Barnett, M.L. 1374
INCISOR
Anterior tooth position. (Letter) Patil, P.G. 620; (Response) Spear, F. 621
Associations between fluorosis of permanent incisors and fluoride intake from infant formula, other dietary sources and dentifrice during early childhood. Levy, S.M. et al. 1190
Too much tooth, not enough tooth: making decisions about anterior tooth position. Spear, F. 93
INCOME
Income inequality and caries. (Letter) Whipps, J.F. 498; (Response) Bernabé, E. et al. 500
Is income inequality related to childhood dental caries in rich countries? Bernabé, E. et al. 143
More about income inequality. (Letter) Lage, G.L. 499; (Response) Bernabé, E. et al. 500
Social engineering. (Letter) Muehleis, P. 500; (Response) Bernabé, E. et al. 500
INFANT, LOW BIRTH WEIGHT
The effectiveness of periodontal disease treatment during pregnancy in reducing the risk of experiencing preterm birth and low birth weight: a meta-analysis. Uppal, A. et al. 1423
INFANT FOOD
Associations between fluorosis of permanent incisors and fluoride intake from infant formula, other dietary sources and dentifrice during early childhood. Levy, S.M. et al. 1190
Infant formula. (Letter) Khan, F. 14; (Response) Ristic, H. et al. 14
INFECTION CONTROL
The effectiveness of a preprocedural mouthrinse containing cetylpyridinium chloride in reducing bacteria in the dental office. Feres, M. et al. 415
Emerging and re-emerging infectious diseases: be prepared. (Guest Editorial) Kohn, W.G. 10
Standard and Transmission-Based Precautions: an update for dentistry. Harte, J.A. 572
INFECTIOUS DISEASES, EMERGING
Emerging and re-emerging infectious diseases: be prepared. (Guest Editorial) Kohn, W.G. 10
TB alert. (Letter) Tecosky, D.A. 378; (Response) Kohn, W.G. 381
INFLUENZA, HUMAN
The essentiality of alpha-2-macroglobulin in human salivary innate immunity against new H1N1 swine origin influenza A virus. (JournalScan) Barnett, M.L. 901
INFLUENZA VIRUS, H1N1
The essentiality of alpha-2-macroglobulin in human salivary innate immunity against new H1N1 swine origin influenza A virus. (JournalScan) Barnett, M.L. 901
INFRAORBITAL NERVE
A comparison of the anterior middle superior alveolar nerve block and infraorbital nerve block for anesthesia of maxillary anterior teeth. Corbett, I.P. et al. 1442
A comparison of the local anesthetic efficacy of the extraoral versus the intraoral infraorbital nerve block. Karkut, B. et al. 185
INSURANCE, DENTAL
Can I refer a patient to another dentist if a fee is capped and the patient's insurance does not cover the procedure? (Ethical Moment) McCarley, D. 584
Characteristics of employers offering dental coverage in the United States. Manski, R.J. et al. 700
The impact of dental insurance. Levin, R.P. 1494
The transition of children with disabilities to adulthood: what about dental care? (Guest Editorial) Waldman, H.B. et al. 937
What is the ethical course of action when a third-party payer denies coverage for a treatment I recommend simply because the treatment is not one of the plan's "evidence-based best practices"? (Ethical Moment) Lantz, M.S. et al. 1025
INTERNET
ADA to unveil new, improved Web site. (News) Berry, J. 262
Internet-based intervention may help smokers quit, study finds. (News) Snider, J. 138
What are the ethical issues to consider in the design of my Web site? (Ethical Moment) Wentworth, R.B. 342

J

JAW, EDENTULOUS
Cigarette smoking and tooth loss in a cohort of older Australians: the 45 and Up Study. Arora, M. et al. 1242
JOINT PROSTHESIS
The dental treatment of patients with joint replacements: a position paper from the American Academy of Oral Medicine. Little, J.W. et al. 667
More about patients with joint replacement. (Letter) Geist, R.Y. 1296; (Response) Lockhart, P.B. 1297; (Response) American Dental Association Division of Science and American Academy of Orthopaedic Surgeons. 1298
Patients with joint replacements. (Letter) Friedlander, A.H. 1295; (Response) Lockhart, P.B. 1296
JOURNAL OF THE AMERICAN DENTAL ASSOCIATION, THE
Laura Kosden retires as ADA publisher. (News) 942
More about supplement. (Letter) Silvestri, A. Jr. 940; (Editor's Note) 940
Supplement at issue. (Letter) Friedel, A.E. 939; (Editor's Note) 940

K

KERATOSIS
Generalized white appearance of the oral mucosa. Lerman, M.A. et al. 867
KIDNEY FAILURE, CHRONIC
Chronic kidney disease: pharmacological considerations for the dentist. Brockmann, W. et al. 1330

L

LABORATORIES, DENTAL
Digital transition: the collaboration between dentists and laboratory technicians on CAD/CAM restorations. Touchstone, A. et al. 15S (June)

LASER THERAPY, LOW-LEVEL
The effect of Er,Cr:YAG laser and air abrasion on shear bond strength of a fissure sealant to enamel. Moslemi, M. et al. 157; (Correction) 506
Lasers and air abrasion. (Letter) Hoopingarner, C.R. et al. 831; (Response) Moslemi, M. 831

LEUKEMIA
Anti-leukemia activity of a bacterial toxin with natural specificity for LFA-1 on white blood cells. (JournalScan) Barnett, M.L. 91

LIDOCAINE
A comparison of the local anesthetic efficacy of the extraoral versus the intraoral infraorbital nerve block. Karkut, B. et al. 185

LIFE SUPPORT CARE
Preparing for medical emergencies: the essential drugs and equipment for the dental office. Rosenberg, M. 14S (May)

LITHIUM COMPOUNDS
A clinical evaluation of chairside lithium disilicate CAD/CAM crowns: a two-year report. Fasbinder, D.J. et al. 10S (June)

LIVER DISEASES
Acetaminophen overdose and liver damage. (For the Dental Patient) American Dental Association Division of Science. 1158

LUMINESCENT MEASUREMENTS
A cross-sectional study evaluating chemiluminescence and autofluorescence in the detection of clinically innocuous precancerous and cancerous oral lesions. Mehrotra, R. et al. 151; (Correction) 388
Detecting oral cancer. (Letter) Truelove, E.L. 626; (Response) Mehrotra, R. 628
More about cancer detection. (Letter) Huff, K.D. 626; (Response) Mehrotra, R. 628

LUNG NEOPLASMS
Chromosomal numerical aberrations in apparently normal oral mucosa of heavy smokers affected by lung cancer. (JournalScan) Barnett, M.L. 570

LYMPHOCYTE FUNCTION–ASSOCIATED ANTIGEN-1
Anti-leukemia activity of a bacterial toxin with natural specificity for LFA-1 on white blood cells. (JournalScan) Barnett, M.L. 91

M

MALOCCLUSION
Evidence indicates minimal short-term space loss after premature loss of primary first molars. (Critical Summaries) DaBell, J. et al. 77
Quality of life and economic burdens of malocclusion in U.S. patients enrolled in Medicaid. Bresnahan, B.W. et al. 1202
Space maintainers. (Letter) Woods, W.D. 501; (Response) Huang, G.J. 502
Understanding the process. (Letter) Kamp, A.A. 502; (Response) Huang, G.J. 502

MANDIBULAR CONDYLE
Bifid mandibular condyle: a disorder in its own right? Sala-Pérez, S. et al. 1076
Engineering anatomically shaped human bone grafts. (JournalScan) Barnett, M.L. 334

MANDIBULAR NERVE
More about oral paresthesia. (Letter) Dower, S.J. Jr. 1301; (Response) Haas, D.A. 1302
Occurrence of paresthesia after dental local anesthetic administration in the United States. Garisto, G.A. et al. 836
Oral paresthesia. (Letter) Moore, P.A. et al. 1300; (Response) Haas, D.A. 1302

MARGINAL ADAPTATION
More about composites. (Letter) Kulild, J.C. 250; (Response) Gordan, V.V. 250

MASSAGE THERAPY
Development and experimental evaluation of oral rehabilitation robot that provides maxillofacial massage to patients with oral disorders. (JournalScan) Barnett, M.L. 91

MASSETER MUSCLE
The mechanisms of joint and muscle pain. Svensson, P. et al. 672

MASS SCREENING
A cross-sectional study evaluating chemiluminescence and autofluorescence in the detection of clinically innocuous precancerous and cancerous oral lesions. Mehrotra, R. et al. 151; (Correction) 388
Dentists' attitudes toward chairside screening for medical conditions. Greenberg, B.L. et al. 52
Detecting oral cancer. (Letter) Truelove, E.L. 626; (Response) Mehrotra, R. 628
Evidence-based clinical recommendations regarding screening for oral squamous cell carcinomas. Rethman, M.P. et al. 509
More about cancer detection. (Letter) Huff, K.D. 626; (Response) Mehrotra, R. 628
More about oral cancer. (Letter) Truhan, C. 1178; (Response) Rethman, M.P. 1181
Oral cancer. (Letter) Trager, R. 1178; (Response) Rethman, M.P. 1181
Predictor, forecaster or augur: an essential role for dentists. (Editorial) Glick, M. 825
Screening for medical conditions. (Letter) Speer, W.B. 829; (Response) Greenberg, B.L. et al. 830

MAXILLA
A comparison of the anterior middle superior alveolar nerve block and infraorbital nerve block for anesthesia of maxillary anterior teeth. Corbett, I.P. et al. 1442
A comparison of the local anesthetic efficacy of the extraoral versus the intraoral infraorbital nerve block. Karkut, B. et al. 185
Improperly formed maxillary teeth. Kuklani, R.M. et al. 1346

MAXILLARY SINUS
Aspergillosis of the maxillary sinus associated with a zygomatic implant. Sato, F.R.L. et al. 1231
Prevalence of mucosal abnormalities of the maxillary sinus and their relationship to dental disease in panoramic radiography: results from the Health 2000 Health Examination Survey. (JournalScan) Barnett, M.L. 570

MEDICAID
Medicaid reforms in Oregon and suboptimal utilization of dental care by women of childbearing age. Milgrom, P. et al. 688
Quality of life and economic burdens of malocclusion in U.S. patients enrolled in Medicaid. Bresnahan, B.W. et al. 1202

MEDICAL HISTORY TAKING
Knowing your patients. Malamed, S.F. 3S (May)

MEETINGS, 18, 140 (Correction 266), 266, 388, 506, 634, 834, 944, 1058, 1187, 1304, 1420

MENTAL COMPETENCY
Deciding about patients' requests for extraction: ethical and legal guidelines. Broers, D.L.M. et al. 195

MENTAL DISORDERS
Psychological correlates of medical comorbidities in patients with temporomandibular disorders. Burris, J.L. et al. 22

MENTAL RECALL
Accuracy of patients' recall of temporomandibular joint pain and dysfunction after experiencing whiplash

trauma: a prospective study. Salé, H. et al. 879
MENTORING
Coaching staff members to achieve improved performance. Levin, R.P. 716
MESENCHYMAL STROMAL CELLS
Third molars source of stem cells, research shows. (News) Lund, A.E. 1418
METALS
A clinical comparison of zirconia, metal and alumina fixed-prosthesis frameworks veneered with layered or pressed ceramic: a three-year report. Christensen, R.P. et al. 1317
METHAMPHETAMINE
The relationship between methamphetamine use and increased dental disease. Shetty, V. et al. 307
MICROWAVES
Painless plasma jets could replace dentist's drill, research shows. (News) Lund, A.E. 264
MOLAR
Evidence indicates minimal short-term space loss after premature loss of primary first molars. (Critical Summaries) DaBell, J. et al. 77
Space maintainers. (Letter) Woods, W.D. 501; (Response) Huang, G.J. 502
Understanding the process. (Letter) Kamp, A.A. 502; (Response) Huang, G.J. 502
Third
Cortical integrity of the inferior alveolar canal as a predictor of paresthesia after third-molar extraction. Park, W. et al. 271
Incidence of symptoms in previously symptom-free impacted lower third molars assessed in general dental practice. (JournalScan) Barnett, M.L. 89
Risk of paresthesia. (Letter) Shapira, I.L. 828; (Response) Lee, S-H. 829
Third molars source of stem cells, research shows. (News) Lund, A.E. 1418
MOUTH DISEASES
Prevalence of mucosal abnormalities of the maxillary sinus and their relationship to dental disease in panoramic radiography: results from the Health 2000 Health Examination Survey. (JournalScan) Barnett, M.L. 570
Chemically induced
Generalized white appearance of the oral mucosa. Lerman, M.A. et al. 867
The relationship between methamphetamine use and increased dental disease. Shetty, V. et al. 307
Classification
Defining oral neglect in institutionalized elderly: a consensus definition for the protection of vulnerable elderly people. Katz, R.V. et al. 433
Protecting the elderly. (Letter) Glassman, P. et al. 1298; (Response) Katz, R.V. 1299
Protecting the vulnerable. (Letter) Todres, M. 827; (Response) Katz, R.V. 827
Etiology
Asthma and oral health: a review. (JournalScan) Barnett, M.L. 1120
MOUTH MUCOSA
Chromosomal numerical aberrations in apparently normal oral mucosa of heavy smokers affected by lung cancer. (JournalScan) Barnett, M.L. 570
Generation of human induced pluripotent stem cells from oral mucosa. (JournalScan) Barnett, M.L. 1121
Use of a mucoadhesive disk for relief of dry mouth: a randomized, double-masked, controlled crossover study. Kerr, A.R. et al. 1250
MOUTH NEOPLASMS
Diagnosis
A cross-sectional study evaluating chemiluminescence and autofluorescence in the detection of clinically innocuous precancerous and cancerous oral lesions. Mehrotra, R. et al. 151; (Correction) 388
Detecting oral cancer. (Letter) Truelove, E.L. 626; (Response) Mehrotra, R. 628
Detecting oral cancer early. (For the Dental Patient) American Dental Association Division of Science. 603
Evidence-based clinical recommendations regarding screening for oral squamous cell carcinomas. Rethman, M.P. et al. 509
More about cancer detection. (Letter) Huff, K.D. 626; (Response) Mehrotra, R. 628
More about oral cancer. (Letter) Truhan, C. 1178; (Response) Rethman, M.P. 1181
Oral cancer. (Letter) Trager, R. 1178; (Response) Rethman, M.P. 1181
Peptide may aid in diagnosing oral cancer. (News) Lund, A.E. 17
Predictor, forecaster or augur: an essential role for dentists. (Editorial) Glick, M. 825
Proteins may predict oral cancer. (News) Lund, A.E. 386
Genetics
RNA sequencing method may assist in identifying oral cancer. (News) Snider, J. 506
MOUTHWASHES
The effectiveness of a preprocedural mouthrinse containing cetylpyridinium chloride in reducing bacteria in the dental office. Feres, M. et al. 415
Some evidence shows that certain mouthrinses can reduce halitosis. (Critical Summaries) Kumar, S.K.S. et al. 1008
MUCOCELE
Clinical characteristics, treatment, and evolution of 89 mucoceles in children. (JournalScan) Barnett, M.L. 1373
MYCOSES
Diabetes: tips for good health. (For the Dental Patient) American Dental Association Division of Science. 926

N

NANOSTRUCTURES
Two-year clinical evaluation of packable and nanostructured resin-based composites placed with two techniques. Manarte Monteiro, P. et al. 319
NATIONAL INSTITUTE OF DENTAL AND CRANIOFACIAL RESEARCH
Dr. Tabak named NIH deputy director; Dr. Garcia acting director of NIDCR. (News) Palmer, C. 1186
NATIONAL INSTITUTES OF HEALTH
Dr. Tabak named NIH deputy director; Dr. Garcia acting director of NIDCR. (News) Palmer, C. 1186
NEOPLASMS
Osteonecrosis of the jaws is associated with high-dose bisphosphonate treatment in patients with cancer. (Critical Summaries) Zahrowski, J.J. 887
NERVE BLOCK
A comparison of the anterior middle superior alveolar nerve block and infraorbital nerve block for anesthesia of maxillary anterior teeth. Corbett, I.P. et al. 1442
A comparison of the local anesthetic efficacy of the extraoral versus the intraoral infraorbital nerve block. Karkut, B. et al. 185
More about oral paresthesia. (Letter) Dower, S.J. Jr. 1301; (Response) Haas, D.A. 1302
Occurrence of paresthesia after dental local anesthetic administration in the United States. Garisto, G.A. et al. 836
Oral paresthesia. (Letter) Moore, P.A. et al. 1300; (Response) Haas, D.A. 1302
NEURALGIA
The mechanisms of joint and muscle pain. Svensson, P. et al. 672
NONSTEROIDAL ANTI-INFLAMMATORY DRUGS
Acetaminophen overdose and liver damage. (For the Dental Patient)

American Dental Association Division of Science. 1158
Chronic kidney disease: pharmacological considerations for the dentist. Brockmann, W. et al. 1330
NURSING HOMES
Defining oral neglect in institutionalized elderly: a consensus definition for the protection of vulnerable elderly people. Katz, R.V. et al. 433
Protecting the elderly. (Letter) Glassman, P. et al. 1298; (Response) Katz, R.V. 1299
Protecting the vulnerable. (Letter) Todres, M. 827; (Response) Katz, R.V. 827

O

OBESITY
Association between obesity, flow rate of whole saliva, and dental caries in adolescents. (JournalScan) Barnett, M.L. 900
Dentists' attitudes about their role in addressing obesity in patients: a national survey. Curran, A.E. et al. 1307
OCCLUSAL SPLINTS
More about TM article. (Letter) Hudson, J.M. 384; (Response) Huang, G.J. et al. 384
Temporomandibular pain. (Letter) Craig, J.S. 383; (Response) Huang, G.J. et al. 384
TM article questioned. (Letter) Jesek, W. 383; (Response) Huang, G.J. et al. 384
ODONTODYSPLASIA, REGIONAL
Improperly formed maxillary teeth. Kuklani, R.M. et al. 1346
ODONTOMETRY
Anterior tooth position. (Letter) Patil, P.G. 620; (Response) Spear, F. 621
Too much tooth, not enough tooth: making decisions about anterior tooth position. Spear, F. 93
OFFICE VISITS
What's in a dental practice-based research network? Characteristics of Northwest PRECEDENT dentists, their patients and office visits. DeRouen, T.A. et al. 889
OLIGODONTIA
The contribution of orthodontics to the prosthodontic treatment of ectodermal dysplasia: a long-term clinical report. Ioannidou-Marathiotou, I. et al. 1340
ORAL HEALTH
Diet, cardiovascular disease and oral health: promoting health and reducing risk. Touger-Decker, R. 167
Oral health provisions in U.S. health care reform. Edelstein, B.L. et al. 1471
The relationship between methamphetamine use and increased dental disease. Shetty, V. et al. 307
ORAL HYGIENE
Diabetes: tips for good health. (For the Dental Patient) American Dental Association Division of Science. 926
Oral hygiene can reduce the incidence of and death resulting from pneumonia and respiratory tract infection. (Critical Summaries) Rosenblum R. Jr. 1117
Oral hygiene practices and dental service utilization among pregnant women. Boggess, K.A. et al. 533
Use of tray-applied 10 percent carbamide peroxide gels for improving oral health in patients with special-care needs. Lazarchik, D.A. et al. 639
ORAL SUBMUCOUS FIBROSIS
Coming to America: betel nut and oral submucous fibrosis. Aziz, S.R. 423
ORAL ULCER
Oral ulcerations in a patient with severe asthma. DeRossi, S.S. et al. 47
OROPHARYNGEAL NEOPLASMS
HPV in tumors may help predict survival for patients with oropharyngeal cancer. (News) Snider, J. 942
ORTHODONTICS
Cone-beam computed tomography and the orthosurgical management of impacted teeth. Becker, A. et al. 14S (Oct.)
The contribution of orthodontics to the prosthodontic treatment of ectodermal dysplasia: a long-term clinical report. Ioannidou-Marathiotou, I. et al. 1340
The effect of antisialogogues in dentistry: a systematic review with a focus on bond failure in orthodontics. Kuijpers, M.A.R. et al. 954
Practical applications of cone-beam computed tomography in orthodontics. Mah, J.K. et al. 7S (Oct.)
Quality of life and economic burdens of malocclusion in U.S. patients enrolled in Medicaid. Bresnahan, B.W. et al. 1202
Interceptive
Impacted canines. (Letter) Harnick, D.J. 382; (Response) Bedoya, M.M. et al. 382
OSSEOINTEGRATION
Implant stability. (Letter) Flanagan, D. 134; (Response) Cavallaro, J. Jr. et al. 135
OSTEONECROSIS
Chemically induced
How patients' lack of knowledge about oral bisphosphonates can interfere with medical and dental care. Migliorati, C.A. et al. 562
The incidence of osteonecrosis of the jaw in patients receiving 5 milligrams of zoledronic acid: data from the Health Outcomes and Reduced Incidence with Zoledronic Acid Once Yearly clinical trials program. Grbic, J.T. et al. 1365
Osteonecrosis of the jaws is associated with high-dose bisphosphonate treatment in patients with cancer. (Critical Summaries) Zahrowski, J.J. 887
OSTEOPOROSIS
Drug therapy
Osteonecrosis of the jaws is associated with high-dose bisphosphonate treatment in patients with cancer. (Critical Summaries) Zahrowski, J.J. 887
Postmenopausal
The incidence of osteonecrosis of the jaw in patients receiving 5 milligrams of zoledronic acid: data from the Health Outcomes and Reduced Incidence with Zoledronic Acid Once Yearly clinical trials program. Grbic, J.T. et al. 1365
OVERDOSE
Acetaminophen overdose and liver damage. (For the Dental Patient) American Dental Association Division of Science. 1158

P

PACEMAKER, ARTIFICIAL
Interference of cardiac pacemaker and implantable cardioverter-defibrillator activity during electronic dental device use. Roedig, J.J. et al. 521
More about pacemakers. (Letter) Crossley, G.H. et al. 1053; (Response) Shah, J. et al. 1053
Pacemakers and dental devices. (Letter) Carlson, B.K. 1052; (Response) Shah, J. et al. 1053
PAIN
Odontogenic
Barodontalgia: what have we learned in the past decade? (JournalScan) Barnett, M.L. 902
Postoperative
Good evidence supports acetaminophen as an effective and safe reliever of acute postoperative pain. (Critical Summaries) Zahrowski, J.J. 455
Good evidence supports ibuprofen as an effective and safe analgesic for postoperative pain. (Critical Summaries) Jeske, A. et al. 567
PALATAL EXPANSION TECHNIQUE
Impacted canines. (Letter) Harnick, D.J. 382; (Response) Bedoya, M.M. et al. 382

PALATE
Palatal lesions in an otherwise healthy patient. Brown, R.S. et al. 429
PALIFERMIN
Generalized white appearance of the oral mucosa. Lerman, M.A. et al. 867
PANCREATIC NEOPLASMS
Researchers report link between salivary biomarkers, early-stage pancreatic cancer. (News) Snider, J. 504
PAPILLOMAVIRUS, HUMAN
HPV in tumors may help predict survival for patients with oropharyngeal cancer. (News) Snider, J. 942
PARANASAL SINUS DISEASES
Aspergillosis of the maxillary sinus associated with a zygomatic implant. Sato, F.R.L. et al. 1231
PARENTS
Children more likely to visit a dentist if parents do, study finds. (News) Snider, J. 504
Severe dental care fear may be associated with troubled family life. (News) Snider, J. 634
PARESTHESIA
Cortical integrity of the inferior alveolar canal as a predictor of paresthesia after third-molar extraction. Park, W. et al. 271
More about oral paresthesia. (Letter) Dower, S.J. Jr. 1301; (Response) Haas, D.A. 1302
Occurrence of paresthesia after dental local anesthetic administration in the United States. Garisto, G.A. et al. 836
Oral paresthesia. (Letter) Moore, P.A. et al. 1300; (Response) Haas, D.A. 1302
Risk of paresthesia. (Letter) Shapira, I.L. 828; (Response) Lee, S-H. 829
PARTNERSHIP PRACTICE
Addressing disagreements in partnerships. Levin, R.P. 1123
PATIENT ACCEPTANCE OF HEALTH CARE
Children more likely to visit a dentist if parents do, study finds. (News) Snider, J. 504
PATIENT CARE PLANNING
The role of cone-beam computed tomography in the planning and placement of implants. Worthington, P. et al. 19S (Oct.)
PATIENT EDUCATION
Dentists' attitudes about their role in addressing obesity in patients: a national survey. Curran, A.E. et al. 1307
Evaluating dietary intake in dental practices: doing it right. Mobley, C. et al. 1236
How patients' lack of knowledge about oral bisphosphonates can interfere with medical and dental care. Migliorati, C.A. et al. 562
Handouts
Acetaminophen overdose and liver damage. (For the Dental Patient) American Dental Association Division of Science. 1158
Detecting oral cancer early. (For the Dental Patient) American Dental Association Division of Science. 603
Diabetes: tips for good health. (For the Dental Patient) American Dental Association Division of Science. 926
Eating habits for a healthy smile and body. (For the Dental Patient) American Dental Association Division of Science. 1544
Sealing out tooth decay. (For The Dental Patient) American Dental Association Division of Science. 363; (Correction) 506
PATIENT PROTECTION AND AFFORDABLE CARE ACT
Oral health provisions in U.S. health care reform. Edelstein, B.L. et al. 1471
PATIENT SATISFACTION
Creating true customer service. Levin, R.P. 337
The expectations of patients. (Editorial) Glick, M. 376
PATIENT SELECTION
Evidence-based clinical recommendations on the prescription of dietary fluoride supplements for caries prevention: a report of the American Dental Association Council on Scientific Affairs. Rozier, R.G. et al. 1480
PATIENTS' RIGHTS
Deciding about patients' requests for extraction: ethical and legal guidelines. Broers, D.L.M. et al. 195
Requested extraction. (Letter) Ross, D.L. 503; (Response) Broers, D.L.M. 503
PEER REVIEW
Health care
Should a local peer-review committee take a case that involves a nonmember of the American Dental Association? (Ethical Moment) Palcanis, K.G. et al.209
Research
Whether industry-supported or otherwise, trust is key to the acceptance of all research. (Editorial) Glick, M. 127
PERIAPICAL ABSCESS
Outcomes in patients hospitalized for periapical abscess in the United States: an analysis involving the use of a nationwide inpatient sample. Allareddy, V. et al. 1107
PERIAPICAL INFECTION
Cervical necrotizing fasciitis originating with a periapical infection. Treasure, T. et al. 861
PERIODICALS
Uniform format for disclosure of competing interests in ICMJE journals. (Guest Editorial) Drazen, J.M. et al. 131
Whether industry-supported or otherwise, trust is key to the acceptance of all research. (Editorial) Glick, M. 127
PERIODONTAL DISEASES
Chemically induced
Association of environmental cadmium exposure with periodontal disease in U.S. adults. (JournalScan) Barnett, M.L. 90
Etiology
Diabetes: tips for good health. (For the Dental Patient) American Dental Association Division of Science. 926
Therapy
The effectiveness of periodontal disease treatment during pregnancy in reducing the risk of experiencing preterm birth and low birth weight: a meta-analysis. Uppal, A. et al. 1423
Effects of periodontal therapy on rate of preterm delivery: a randomized controlled trial. (JournalScan) Barnett, M.L. 333
Polyunsaturated fatty acids may help treat, prevent periodontitis, study finds. (News) Snider, J. 1416
Treating periodontal disease may lower diabetes' risks. (News) Lund, A.E. 833
The use of platelet-rich plasma combined with demineralized freeze-dried bone allograft in the treatment of periodontal endosseous defects: a report of two clinical cases. Markou, N. et al. 967
PERIODONTAL POCKETS
The use of platelet-rich plasma combined with demineralized freeze-dried bone allograft in the treatment of periodontal endosseous defects: a report of two clinical cases. Markou, N. et al. 967
PERIODONTITIS
Microbiology
Do periodontopathogens disappear after full-mouth tooth extraction? (JournalScan) Barnett, M.L. 335
Prevention
Healthy weight and high physical fitness levels may lower periodontitis risk, study finds. (News) Snider, J. 1186
Therapy
Do periodontopathogens disappear after full-mouth tooth extraction? (JournalScan) Barnett, M.L. 335
PERSONAL AUTONOMY
Deciding about patients' requests for extraction: ethical and legal guidelines. Broers, D.L.M. et al. 195

PERSONNEL MANAGEMENT
Coaching staff members to achieve improved performance. Levin, R.P. 716
Dealing with a disgruntled employee. Levin, R.P. 1376
Managing staff conflict. Levin, R.P. 97
PHOBIAS
Deciding about patients' requests for extraction: ethical and legal guidelines. Broers, D.L.M. et al. 195
PHYSICAL EXAMINATION
Knowing your patients. Malamed, S.F. 3S (May)
PHYSICAL FITNESS
Healthy weight and high physical fitness levels may lower periodontitis risk, study finds. (News) Snider, J. 1186
PIT-AND-FISSURE SEALANTS
The effect of air-polishing abrasives on wear of direct restoration materials and sealants. Pelka, M.A. et al. 63
The effect of Er,Cr:YAG laser and air abrasion on shear bond strength of a fissure sealant to enamel. Moslemi, M. et al. 157; (Correction) 506
How to clean the tooth surface before sealant application. (Critical Summaries) Farsai, P.S. et al. 696
Lasers and air abrasion. (Letter) Hoopingarner, C.R. et al. 831; (Response) Moslemi, M. 831
Sealing out tooth decay. (For The Dental Patient) American Dental Association Division of Science. 363; (Correction) 506
Techniques for assessing tooth surfaces in school-based sealant programs. Fontana, M. et al. 854
PLATELET-RICH PLASMA
The use of platelet-rich plasma combined with demineralized freeze-dried bone allograft in the treatment of periodontal endosseous defects: a report of two clinical cases. Markou, N. et al. 967
PNEUMONIA
Oral hygiene can reduce the incidence of and death resulting from pneumonia and respiratory tract infection. (Critical Summaries) Rosenblum, R. Jr. 1117
PRACTICE-BASED RESEARCH NETWORKS
General practitioners' use of caries-preventive agents in adult patients versus pediatric patients: findings from The Dental Practice-Based Research Network. Riley, J.L. III et al. 679
Reasons for placement of restorations on previously unrestored tooth surfaces by dentists in The Dental Practice-Based Research Network. Nascimento, M.M. et al. 441
Restorative treatment thresholds for occlusal primary caries among dentists in The Dental Practice-Based Research Network. Gordan, V.V. et al. 171
What's in a dental practice-based research network? Characteristics of Northwest PRECEDENT dentists, their patients and office visits. DeRouen, T.A. et al. 889
PRACTICE GUIDELINES
"Archaic" guidelines. (Letter) Gross, T. 1408; (Response) Greene, C.S. 1416
"Conservative and reversible." (Letter) Crandall, J.A. et al. 1415; (Response) Greene, C.S. 1416
"Disordered alignment." (Letter), Buck, S.D. 1412; (Response) Greene, C.S. 1416
"Gratitude" expressed. (Letter) Jehenson, M. 1415; (Response) Greene, C.S. 1416
Managing the care of patients with temporomandibular disorders: a new guideline for care. Greene, C.S. 1086
"Misguided perspective." (Letter) Chase, P.F. 1408; (Response) Greene, C.S. 1416
"Negative impact." (Letter) Norman, A. 1410; (Response) Greene, C.S. 1416
"Personal opinions." (Letter) Chase, M.R. 1411; (Response) Greene, C.S. 1416
Revised AADR policy statement, brief report trigger unprecedented response. (Editor's note) 1407
Temporomandibular disorders. American Association for Dental Research. 1087
"Unsubstantiated conjecture." (Letter) Lytle, K. 1413; (Response) Greene, C.S. 1416
PRACTICE MANAGEMENT
Sexual harassment and the dental workplace. Levin, R.P. 1263
Economics
Are you using "gray-market" or counterfeit dental products? Christensen, G.J. 712
The ceramic crown dilemma. Christensen, G.J. 1019
From recession to recovery. Levin, R.P. 903
Personal and professional economic recovery. Levin, R.P. 207
Purchasing new technologies. Levin, R.P. 461
Ethics
What are the ethical issues to consider in the design of my Web site? (Ethical Moment) Wentworth, R.B. 342
Organization
Adaptation of airline crew resource management principles to dentistry. Pinsky, H.M. et al. 1010
Basic management of medical emergencies: recognizing a patient's distress. Reed, K.L. 20S (May)
Coaching staff members to achieve improved performance. Levin, R.P. 716

PRECANCEROUS CONDITIONS
Coming to America: betel nut and oral submucous fibrosis. Aziz, S.R. 423
A cross-sectional study evaluating chemiluminescence and autofluorescence in the detection of clinically innocuous precancerous and cancerous oral lesions. Mehrotra, R. et al. 151; (Correction) 388
Detecting oral cancer. (Letter) Truelove, E.L. 626; (Response) Mehrotra, R. 628
More about cancer detection. (Letter) Huff, K.D. 626; (Response) Mehrotra, R. 628
Proteins may predict oral cancer. (News) Lund, A.E. 386
PREGNANCY
Dental care for pregnant women: an assessment of North Carolina general dentists. Da Costa, E.P. et al. 986
The effectiveness of periodontal disease treatment during pregnancy in reducing the risk of experiencing preterm birth and low birth weight: a meta-analysis. Uppal, A. et al. 1423
Effects of periodontal therapy on rate of preterm delivery: a randomized controlled trial. (JournalScan) Barnett, M.L. 333
Medicaid reforms in Oregon and suboptimal utilization of dental care by women of childbearing age. Milgrom, P. et al. 688
Oral hygiene practices and dental service utilization among pregnant women. Boggess, K.A. et al. 533
PREMOLAR
A clinical epidemiologic analysis of a sample of 73 supernumerary premolars. Martinez-Gonzalez, J.M. et al. 1435

PRETERM BIRTH
Effects of periodontal therapy on rate of preterm delivery: a randomized controlled trial. (JournalScan) Barnett, M.L. 333
The effectiveness of periodontal disease treatment during pregnancy in reducing the risk of experiencing preterm birth and low birth weight: a meta-analysis. Uppal, A. et al. 1423
PRIMARY PREVENTION
Diet, cardiovascular disease and oral health: promoting health and reducing risk. Touger-Decker, R. 167
General practitioners' use of caries-preventive agents in adult patients versus pediatric patients: findings from The Dental Practice-Based Research Network. Riley, J.L. III et al. 679
PROFESSIONAL PRACTICE
AAOMS challenges AMA data series comments on OMS, dentistry. (Guest Editorial) Cheifetz, I.D. 617
PROSTHESIS COLORING
Evaluating factors that affect the shade-matching ability of dentists, dental staff members and laypeople. Çapa, N. et al. 71
PROSTHESIS-RELATED INFECTIONS
The dental treatment of patients with joint replacements: a position paper from the American Academy of Oral Medicine. Little, J.W. et al. 667
More about patients with joint replacement. (Letter) Geist, R.Y. 1296; (Response) Lockhart, P.B. 1297; (Response) American Dental Association Division of Science and American Academy of Orthopaedic Surgeons. 1298
Patients with joint replacements. (Letter) Friedlander, A.H. 1295; (Response) Lockhart, P.B. 1296
PROSTHODONTICS
Trends in dental treatment, 1992 to 2007. Eklund, S.A. 391
PROTEINS
Mass spectrometric analyses of peptides and proteins in human gingival crevicular fluid. (JournalScan) Barnett, M.L. 1373
Protein may play key role in enamel development. (News) Lund, A.E. 1304
Proteins may predict oral cancer. (News) Lund, A.E. 386
Saliva proteins differ in younger and older women, study finds. (News) Snider, J. 140
PUBLICATION BIAS
Distorting, misrepresenting and slanting research results. (Editorial) Glick, M. 1049
PUBLISHING
Distorting, misrepresenting and slanting research results. (Editorial) Glick, M. 1049
Laura Kosden retires as ADA publisher. (News) 942

Q

QUALITY ASSURANCE
Health care reform. (Letter) Pesillo, C. 246; (Response) Bader, J.D. 246
QUALITY OF LIFE
Quality of life and economic burdens of malocclusion in U.S. patients enrolled in Medicaid. Bresnahan, B.W. et al. 1202

R

RADIOCARBON DATING
Radiocarbon analysis of tooth enamel provides estimated year of birth, study finds. (News) Snider, J. 1058
RADIOGRAPHY
What ethical responsibilities do I have with regard to radiographs for my patients? (Ethical Moment) Wentworth, R.B. 718
Panoramic
Prevalence of mucosal abnormalities of the maxillary sinus and their relationship to dental disease in panoramic radiography: results from the Health 2000 Health Examination Survey. (JournalScan) Barnett, M.L. 570
REFERRAL AND CONSULTATION
Can I refer a patient to another dentist if a fee is capped and the patient's insurance does not cover the procedure? (Ethical Moment) McCarley, D. 584
Do faxed quitline referrals add value to dental office–based tobacco-use cessation interventions? Gordon, J.S. et al. 1000
What ethical issues should general dentists consider when the state of the economy affects decisions regarding referral of patients to specialists? (Ethical Moment) Wentworth, R.B. 1125
What should I do about the use of unsubstantiated procedures by specialists to whom I refer patients? (Ethical Moment) Foy, P.J. et al. 1265
RESEARCH
Distorting, misrepresenting and slanting research results. (Editorial) Glick, M. 1049
Dr. Jane Weintraub receives Norton M. Ross Award for Excellence in Clinical Research. (News) Garvin, J. 1056
The hermeneutic pitfalls of *P*. (Editorial) Glick, M. et al. 1404
Ontology and the future of dental research informatics. (Editorial) Smith, B. et al. 1173
Trusting research. (Letter) Carstensen, S.W. 382
Uniform format for disclosure of competing interests in ICMJE journals. (Guest Editorial) Drazen, J.M. et al. 131
Whether industry-supported or otherwise, trust is key to the acceptance of all research. (Editorial) Glick, M. 127
RESIN-BASED COMPOSITES
Making Class II resin-based composite restorations predictable and profitable. Christensen, G.J. 457
The postoperative sensitivity of fixed partial dentures cemented with self-adhesive resin cements: a clinical study. Saad, D.E.-D. et al. 1459
Reasons for placement of restorations on previously unrestored tooth surfaces by dentists in The Dental Practice-Based Research Network. Nascimento, M.M. et al. 441
Should resin-based composites dominate restorative dentistry today? Christensen, G.J. 1490
Why use resin cements? Christensen, G.J. 204
Chemistry
Composite restorations. (Letter) Fabel, P.F. 248; (Response) Gordan, V.V. 250
Influence of in situ postbleaching times on shear bond strength of resin-based composite restorations. Bittencourt, M.E. et al. 300
More about composites. (Letter) Kulild, J.C. 250; (Response) Gordan, V.V. 250
Two-year clinical evaluation of packable and nanostructured resin-based composites placed with two techniques. Manarte-Monteiro, P. et al. 319
RESPIRATORY TRACT INFECTION
Oral hygiene can reduce the incidence of and death resulting from pneumonia and respiratory tract infection. (Critical Summaries) Rosenblum, R. Jr. 1117
RHINITIS
Chronic rhinosinusitis, secondhand smoke linked, study says. (News) Snider, J. 632
RISK MANAGEMENT
Adaptation of airline crew resource management principles to dentistry. Pinsky, H.M. et al. 1010
RISK REDUCTION BEHAVIOR
Diet, cardiovascular disease and oral health: promoting health and reducing risk. Touger-Decker, R. 167
RNA, NEOPLASM
RNA sequencing method may assist in identifying oral cancer. (News) Snider, J. 506

ROBOTICS
Development and experimental evaluation of oral rehabilitation robot that provides maxillofacial massage to patients with oral disorders. (JournalScan) Barnett, M.L. 91
ROOT CANAL THERAPY *see* **ENDODONTIC THERAPY**
ROOT PLANING AND SCALING
Scaling, root planing and diabetes. (Letter) Friedlander, A.H. 133; (Response) Matthews, J. 133

S

SALIVA
The essentiality of alpha-2-macroglobulin in human salivary innate immunity against new H1N1 swine origin influenza A virus. (JournalScan) Barnett, M.L. 901
Researchers report link between salivary biomarkers, early-stage pancreatic cancer. (News) Snider, J. 504
Saliva proteins differ in younger and older women, study finds. (News) Snider, J. 140
SALIVARY GLANDS
Salivary epithelial cells: an unassuming target site for gene therapeutics. (JournalScan) Barnett, M.L. 571

Use of a mucoadhesive disk for relief of dry mouth: a randomized, double-masked, controlled crossover study. Kerr, A.R. et al. 1250
SCHOOL DENTISTRY
Techniques for assessing tooth surfaces in school-based sealant programs. Fontana, M. et al. 854
SCUBA DIVING
Diving damage. (Letter) Rogoff, A. 15; (Response) Peker, I. et al. 15
SEXUAL HARASSMENT
Sexual harassment and the dental workplace. Levin, R.P. 1263
SEXUALLY TRANSMITTED DISEASES
Thirty years on, and still there is much to accomplish. (Guest Editorial) Croser, D. 1292
SILICONE GELS
Buccal reaction to silicone cosmetic filler. Mandel, L. et al. 162
Facial injectibles. (Letter) Malcmacher, L. 498
SINUSITIS
Chronic rhinosinusitis, secondhand smoke linked, study says. (News) Snider, J. 632
SJÖGREN SYNDROME
Burning tongue and lips. Guinn, A.C. et al. 541
SLEEP APNEA
Transient morning headache: recognizing the role of sleep bruxism and sleep-disordered breathing. Lavigne, G. et al. 297
SMALL INTEGRIN-BINDING LIGAND N-LINKED GLYCOPROTEINS
Proteins may predict oral cancer. (News) Lund, A.E. 386
SMILING
Anterior tooth position. (Letter) Patil, P.G. 620; (Response) Spear, F. 621
Eating habits for a healthy smile and body. (For the Dental Patient) American Dental Association Division of Science. 1544
Eye fixations when viewing faces. Hickman, L. et al. 40
Too much tooth, not enough tooth: making decisions about anterior tooth position. Spear, F. 93
SMOKING
Adverse effects
Chromosomal numerical aberrations in apparently normal oral mucosa of heavy smokers affected by lung cancer. (JournalScan) Barnett, M.L. 570
Cigarette smoking and tooth loss in a cohort of older Australians: the 45 and Up Study. Arora, M. et al. 1242
Study reports poorer outcomes for patients who smoke during radiation therapy. (News) Snider, J. 632
Cessation
Internet-based intervention may help smokers quit, study finds. (News) Snider, J. 138
SPACE MAINTENANCE
Evidence indicates minimal short-term space loss after premature loss of primary first molars. (Critical Summaries) DaBell, J. et al. 77
Space maintainers. (Letter) Woods, W.D. 501; (Response) Huang, G.J. 502
Understanding the process. (Letter) Kamp, A.A. 502; (Response) Huang, G.J. 502
SPECIALTIES, DENTAL
Is it ethical for a specialist to demonstrate surgical techniques to a general dentist untrained in the procedure so that the dentist can perform these procedures on his or her own? (Ethical Moment) Palcanis, K.G. 1496
What ethical issues should general dentists consider when the state of the economy affects decisions regarding referral of patients to specialists? (Ethical Moment) Wentworth, R.B. 1125
What should I do about the use of unsubstantiated procedures by specialists to whom I refer patients? (Ethical Moment) Foy, P.J. et al. 1265
SPECTROPHOTOMETRY, MASS
Mass spectrometric analyses of peptides and proteins in human gingival crevicular fluid. (JournalScan) Barnett, M.L. 1373
STAFF DEVELOPMENT
Coaching staff members to achieve improved performance. Levin, R.P. 716
Developing staff potential. Levin, R.P. 582
STANDARDS OF CARE *see* **DENTISTRY, STANDARDS**
STATISTICS
The hermeneutic pitfalls of *P*. (Editorial) Glick, M. et al. 12(12):1404
An investigation of dentists' and dental students' estimates of diagnostic probabilities. Chambers, D.W. et al. 656
STEM CELLS
Body's own stem cells can lead to tooth regeneration, research shows. (News) Lund, A.E. 833
Generation of human induced pluripotent stem cells from oral mucosa. (JournalScan) Barnett, M.L. 1121
Third molars source of stem cells, research shows. (News) Lund, A.E. 1418
STOMATITIS, HERPETIC
Palatal lesions in an otherwise healthy patient. Brown, R.S. et al. 429
STREPTOCOCCUS MUTANS
Antimicrobial-containing tooth-binding particles may protect against caries. (News) Lund, A.E. 17
STUDENTS, DENTAL
An investigation of dentists' and dental students' estimates of diagnostic probabilities. Chambers, D.W. et al. 656
SUCROSE
Is sweetness preference based in biology? (News) Lund, A.E. 387
SURGERY, ORAL
AAOMS challenges AMA data series comments on OMS, dentistry. (Guest Editorial) Cheifetz, I.D. 617
Integrating three-dimensional digital technologies for comprehensive

implant dentistry. Patel, N. 20S (June)
Is it ethical for a specialist to demonstrate surgical techniques to a general dentist untrained in the procedure so that the dentist can perform these procedures on his or her own? (Ethical Moment) Palcanis, K.G. 1496

T

TASTE
Enzyme linked to taste of carbonation. (News) Lund, A.E. 17
Is sweetness preference based in biology? (News) Lund, A.E. 387
Study links taste genes, tooth decay. (News) Lund, A.E. 1418
TASTE DISORDERS
Taste dysfunction in head and neck malignancy. (JournalScan) Barnett, M.L. 901
TEA
Coffee and tea intake and risk of head and neck cancer: pooled analysis in the International Head and Neck Cancer Epidemiology Consortium. (JournalScan) Barnett, M.L. 1120
TECHNOLOGY, DENTAL
Purchasing new technologies. Levin, R.P. 461
TELEFACSIMILE
Do faxed quitline referrals add value to dental office–based tobacco-use cessation interventions? Gordon, J.S. et al. 1000
TEMPORAL MUSCLE
The mechanisms of joint and muscle pain. Svensson, P. et al. 672
TEMPOROMANDIBULAR JOINT DISORDERS
Diagnosis
Managing the care of patients with temporomandibular disorders: a new guideline for care. Greene, C.S. 1086
Temporomandibular disorders. American Association for Dental Research. 1087
Etiology
Accuracy of patients' recall of temporomandibular joint pain and dysfunction after experiencing whiplash trauma: a prospective study. Salé, H. et al. 879
Gout of the temporomandibular joint: a review of the literature. Bhattacharyya, I. et al. 979
Pathophysiology
The mechanisms of joint and muscle pain. Svensson, P. et al. 672
Psychology
Psychological correlates of medical comorbidities in patients with temporomandibular disorders. Burris, J.L. et al. 22
Therapy
"Archaic" guidelines. (Letter) Gross, T. 1408; (Response) Greene, C.S. 1416
"Conservative and reversible." (Letter) Crandall, J.A. et al. 1415; (Response) Greene, C.S. 1416
Development and experimental evaluation of oral rehabilitation robot that provides maxillofacial massage to patients with oral disorders. (JournalScan) Barnett, M.L. 91
"Disordered alignment." (Letter), Buck, S.D. 1412; (Response) Greene, C.S. 1416
"Gratitude" expressed. (Letter) Jehenson, M. 1415; (Response) Greene, C.S. 1416
Managing the care of patients with temporomandibular disorders: a new guideline for care. Greene, C.S. 1086
"Misguided perspective." (Letter) Chase, P.F. 1408; (Response) Greene, C.S. 1416
More about TM article. (Letter) Hudson, J.M. 384; (Response) Huang, G.J. et al. 384
"Negative impact." (Letter) Norman, A. 1410; (Response) Greene, C.S. 1416
"Personal opinions." (Letter) Chase, M.R. 1411; (Response) Greene, C.S. 1416
Revised AADR policy statement, brief report trigger unprecedented response. (Editor's note) 1407
Temporomandibular disorders. American Association for Dental Research. 1087
Temporomandibular pain. (Letter) Craig, J.S. 383; (Response) Huang, G.J. et al. 384
TM article questioned. (Letter) Jesek, W. 383; (Response) Huang, G.J. et al. 384
"Unsubstantiated conjecture." (Letter) Lytle, K. 1413; (Response) Greene, C.S. 1416
TISSUE ENGINEERING
Engineering anatomically shaped human bone grafts. (JournalScan) Barnett, M.L. 334
TOBACCO SMOKE POLLUTION
Chronic rhinosinusitis, secondhand smoke linked, study says. (News) Snider, J. 632
Cigarette smoking and tooth loss in a cohort of older Australians: the 45 and Up Study. Arora, M. et al. 1242
TOBACCO-USE CESSATION
Do faxed quitline referrals add value to dental office–based tobacco-use cessation interventions? Gordon, J.S. et al. 1000
TOMOGRAPHY
Computed
Combined imaging tests may help patients with advanced head, neck cancer. (News) Snider, J. 138
Cone-beam
Cone-beam computed tomography and the orthosurgical management of impacted teeth. Becker, A. et al. 14S (Oct.)
Operational principles for cone-beam computed tomography. Hatcher, D.C. 3S (Oct.)
Practical applications of cone-beam computed tomography in orthodontics. Mah, J.K. et al. 7S (Oct.)
The role of cone-beam computed tomography in the planning and placement of implants. Worthington, P. et al. 19S (Oct.)
Optical coherence
Availability of optical coherence tomography. (Letter) Wiggin, L. 16; (Response) Zero, D.T. 16
Positron-emission
Combined imaging tests may help patients with advanced head, neck cancer. (News) Snider, J. 138
TONGUE NEOPLASMS
Controlling gene may help reduce spread of oral cancer. (News) Lund, A.E. 1057
TOOTH
Abrasion
Erosion and abrasion of enamel and dentin associated with at-home bleaching: an in vitro study. Engle, K. et al. 546
Avulsion
Extraoral endodontic treatment is not detrimental for avulsed permanent teeth replanted after more than 60 minutes' dry time. (Critical Summaries) Kumar, S.K.S. 1467
Cervix
The effectiveness of a calcium sodium phosphosilicate desensitizer in reducing cervical dentin hypersensitivity: a pilot study. Narongdej, T. et al. 995
More about occlusal loading. Litonjua, L.A. 254; (Response) Francisconi, L.F. et al. 256
Occlusal loading. (Letter) Grippo, J.O. 252; (Response) Francisconi, L.F. et al. 256
Erosion
Erosion and abrasion of enamel and dentin associated with at-home bleaching: an in vitro study. Engle, K. et al. 546
Erosive lesions in patients with alcoholism. Dukic, W. et al. 1452
Impacted
Cone-beam computed tomography and the orthosurgical management of impacted teeth. Becker, A. et al. 14S (Oct.)

Impacted canines. (Letter) Harnick, D.J. 382; (Response) Bedoya, M.M. et al. 382
Incidence of symptoms in previously symptom-free impacted lower third molars assessed in general dental practice. (JournalScan) Barnett, M.L. 89
Loss
Cigarette smoking and tooth loss in a cohort of older Australians: the 45 and Up Study. Arora, M. et al. 1242
Evidence indicates minimal short-term space loss after premature loss of primary first molars. (Critical Summaries) DaBell, J. et al. 77
Space maintainers. (Letter) Woods, W.D. 501; (Response) Huang, G.J. 502
Understanding the process. (Letter) Kamp, A.A. 502; (Response) Huang, G.J. 502
Primary
Evidence indicates minimal short-term space loss after premature loss of primary first molars. (Critical Summaries) DaBell, J. et al. 77
Restorative treatment thresholds for occlusal primary caries among dentists in The Dental Practice-Based Research Network. Gordan, V.V. et al. 171
Space maintainers. (Letter) Woods, W.D. 501; (Response) Huang, G.J. 502
Understanding the process. (Letter) Kamp, A.A. 502; (Response) Huang, G.J. 502
Regeneration
Body's own stem cells can lead to tooth regeneration, research shows. (News) Lund, A.E. 833
Replantation
Extraoral endodontic treatment is not detrimental for avulsed permanent teeth replanted after more than 60 minutes' dry time. (Critical Summaries) Kumar, S.K.S. 1467
Sensitivity
Clinical effectiveness and tooth sensitivity associated with different bleaching times for a 10 percent carbamide peroxide gel. Cardoso, P.C. et al. 1213
The postoperative sensitivity of fixed partial dentures cemented with self-adhesive resin cements: a clinical study. Saad, D.E.-D. et al. 1459
Supernumerary
A clinical epidemiologic analysis of a sample of 73 supernumerary premolars. Martinez-Gonzalez, J.M. et al. 1435
TOOTHACHE
Evidence indicates minimal short-term space loss after premature loss of primary first molars. (Critical Summaries) DaBell, J. et al. 77
Space maintainers. (Letter) Woods, W.D. 501; (Response) Huang, G.J. 502
Understanding the process. (Letter) Kamp, A.A. 502; (Response) Huang, G.J. 502
TOOTH BLEACHING
Clinical effectiveness and tooth sensitivity associated with different bleaching times for a 10 percent carbamide peroxide gel. Cardoso, P.C. et al. 1213
Erosion and abrasion of enamel and dentin associated with at-home bleaching: an in vitro study. Engle, K. et al. 546
Findings questioned. (Letter) Bitter, N.C. 1051; (Response) Cadenaro, M. et al. 1051
Influence of in situ postbleaching times on shear bond strength of resin-based composite restorations. Bittencourt, M.E. et al. 300
An in vivo study of the effect of a 38 percent hydrogen peroxide in-office whitening agent on enamel. Cadenaro, M. et al. 449
A randomized clinical trial comparing at-home and in-office tooth whitening techniques: a nine-month follow-up. Giachetti, L. et al. 1357
TOOTHBRUSHING
Eating habits for a healthy smile and body. (For the Dental Patient) American Dental Association Division of Science. 1544
How to clean the tooth surface before sealant application. (Critical Summaries) Farsai, P.S. et al. 696
TOOTH DISEASES
The relationship between methamphetamine use and increased dental disease. Shetty, V. et al. 307
TOOTH EXTRACTION
Deciding about patients' requests for extraction: ethical and legal guidelines. Broers, D.L.M. et al. 195
Do periodontopathogens disappear after full-mouth tooth extraction? (JournalScan) Barnett, M.L. 335
Requested extraction. (Letter) Ross, D.L. 503; (Response) Broers, D.L.M. 503
Adverse effects
Cortical integrity of the inferior alveolar canal as a predictor of paresthesia after third-molar extraction. Park, W. et al. 271
Risk of paresthesia. (Letter) Shapira, I.L. 828; (Response) Lee, S-H. 829
Trends
Trends in dental treatment, 1992 to 2007. Eklund, S.A. 391
TREATMENT REFUSAL
What is my ethical responsibility toward patients who refuse to be treated with materials containing fluoride? (Ethical Moment) Gamba, T.W. 906
TRUST
The expectations of patients. (Editorial) Glick, M. 376
Trusting research. (Letter) Carstensen, S.W. 382
Whether industry-supported or otherwise, trust is key to the acceptance of all research. (Editorial) Glick, M. 127
TUBERCULOSIS
TB alert. (Letter) Tecosky, D.A. 378; (Response) Kohn, W.G. 381
TUMOR MARKERS, BIOLOGICAL
Researchers report link between salivary biomarkers, early-stage pancreatic cancer. (News) Snider, J. 504

U

UNIVERSAL PRECAUTIONS
Standard and Transmission-Based Precautions: an update for dentistry. Harte, J.A. 572

V

VOCABULARY, CONTROLLED
Ontology and the future of dental research informatics. (Editorial) Smith, B. et al. 1173

W

WATER POLLUTANTS, CHEMICAL
Association of environmental cadmium exposure with periodontal disease in U.S. adults. (JournalScan) Barnett, M.L. 90
WHIPLASH
Accuracy of patients' recall of temporomandibular joint pain and dysfunction after experiencing whiplash trauma: a prospective study. Salé, H. et al. 879
WOMEN
Dental care for pregnant women: an assessment of North Carolina general dentists. Da Costa, E.P. et al. 986
Effects of periodontal therapy on rate of preterm delivery: a randomized controlled trial. (JournalScan) Barnett, M.L. 333
Medicaid reforms in Oregon and suboptimal utilization of dental care by women of childbearing age. Milgrom, P. et al. 688
Oral hygiene practices and dental service utilization among pregnant women. Boggess, K.A. et al. 533
Saliva proteins differ in younger and older women, study finds. (News) Snider, J. 140
Soda consumption among young girls linked to unhealthy diets, research shows. (News) Snider, J. 942

X

XEROSTOMIA

Development and experimental evaluation of oral rehabilitation robot that provides maxillofacial massage to patients with oral disorders. (Journal-Scan) Barnett, M.L. 91

Hyposalivation and xerostomia in dentate older adults. Wiener, R.C. et al. 279

Use of a mucoadhesive disk for relief of dry mouth: a randomized, double-masked, controlled crossover study. Kerr, A.R. et al. 1250

Z

ZIRCONIA

A clinical comparison of zirconia, metal and alumina fixed-prosthesis frameworks veneered with layered or pressed ceramic: a three-year report. Christensen, R.P. et al. 1317

ZOLEDRONIC ACID

The incidence of osteonecrosis of the jaw in patients receiving 5 milligrams of zoledronic acid: data from the Health Outcomes and Reduced Incidence with Zoledronic Acid Once Yearly clinical trials program. Grbic, J.T. et al. 1365

ZYGOMA

Aspergillosis of the maxillary sinus associated with a zygomatic implant. Sato, F.R.L. et al. 1231
